Creating a healthier future together.

California Health Sciences University (CHSU) helps alleviate the Central Valley's health care provider shortage by training and retaining our next generation of clinicians. From local hospitals, clinics, doctor's offices, and pharmacies, CHSU students and graduates serve the health care needs of our community.

Many CHSU students come from local areas and are a reflection of the Central Valley's great diversity. Our "home grown" students have deep roots and a passion to elevate the health of our region. Many are first in their family to obtain a college degree and without the existence of CHSU or the financial assistance from the scholarship fund, a significant number would not have the opportunity to obtain professional degrees in health care.

**Thank you for investing in CHSU students through your gifts to the
California Health Sciences University Scholarship Fund.**

OUR MISSION

We exist to improve the health care outcomes of people living in the Central Valley by:

1. Inspiring diverse students from our region to commit to health care careers that serve our region;
2. Developing compassionate, highly trained, intellectually curious, adaptive leaders capable of meeting the health care needs of the future through a performance-based education;
3. Empowering people to teach, serve, research, innovate, and practice collaboratively in areas of skill and expertise.
