## **Preparation of the Annual Security Report and Disclosure of Crime Statistics**

This 2025 Annual Security Report is published in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (“Clery Act”) and the Violence Against Women Reauthorization Act of 2014 (“VAWA”).

These acts require California Health Sciences University (“CHSU” or the “University”) to distribute the information contained in this report to all current University students and employees. The link to this report is distributed to all students and employees via email. This information is also available on the University’s website at <https://chsu.edu/safety/#clery> under the Safety webpage. A paper copy of this report may be obtained in-person from the University’s Clery Coordinator at 2500 Alluvial Avenue, Clovis, California 93611.

## **Overview of Clery Act**

Selecting the right University to attend is an important decision for students and their families. Additionally, deciding where to work and build a career is also a big decision, and one that needs to be made based on an assessment of a number of factors. Campus safety and security is a factor that goes into both of these decisions and should not be taken lightly.

In response to concerns regarding campus safety and security at colleges and universities, Congress enacted the “Crime Awareness and Campus Security Act of 1990,” which amended the “Higher Education Act of 1965.” The 1998 amendments to this Act renamed it the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act,” in memory of Jeanne Clery, a freshman student at Lehigh University who was raped and murdered in her dorm room in 1986. This federal law has largely become known across the United States as the “Clery Act.”

All public and private postsecondary institutions that participate in Title IV student financial assistance programs must comply with the Clery Act. Among the various requirements, these colleges and universities are required to prepare, publish, and distribute a report concerning campus crime statistics, safety and security policies on an annual basis through appropriate publications, mailings or via an online computer network. Specifically, the Clery Act requires annual reporting of statistics for various criminal offenses, including sexual assault and aggravated assault. VAWA and the Campus Sexual Violence Act (“SAVE Act”) provisions which add domestic violence, dating violence, and stalking to the categories that, if the incident was reported to a Campus Security Authority (“CSA”) (defined below) or local police agency, must be reported under Clery. This report must be distributed to all current students and employees and provided to all prospective students and employees upon request.

Compliance with the final regulations and provisions of the Violence Against Women Reauthorization Act of 2014 (“VAWA”) does not constitute a violation of §444 of the General Education Provisions Act (20 USC 1232g), commonly known as the Family Educational Rights and Privacy Act of 1974 (“FERPA”).

All Title IV institutions with on-campus student housing are required to prepare and distribute an Annual Fire Safety Report with specific statements of fire safety policies and procedures as well as the annual fire safety statistics for the past three calendar years. The University does not have any on-campus student housing and therefore does not publish an annual fire safety report.

This report contains information about safety and security policies and practices intended to promote awareness about security and safety at the University. Specifically, this report provides statistics concerning reported crimes that occurred on campus, and property owned, leased, or controlled by the University, including statistics for the College of Biomedical Sciences and Health Professions, and College of Osteopathic Medicine located at the following addresses: 120 N. Clovis Ave, and 2500 Alluvial Ave, all located in Clovis, California.

## **Reporting the Annual Disclosure of Crime Statistics**

Compilation of information for this report, as well as required criminal statistical data, is accomplished through the cooperation and efforts of multiple departments within the University and with the assistance of outside local law enforcement agencies as described below.

Specifically, the Clery Coordinator at the University prepares this report by working collaboratively with the following University departments to achieve compliance with the Clery Act:

- i. Vice President of Operations;
- ii. Office of Student Affairs;
- iii. Office of the Title IX Equity and Diversity Coordinator/Office of Human Resources; and
- iv. The University's CSAs and various other stakeholders.

To meet its reporting obligation under Clery, the University makes a good faith effort to obtain Clery crime statistics by requesting them, in writing, from the private Campus Security company (i.e., CIS Security) which the University hires to provide campus security, as well as from local law enforcement agencies that have jurisdiction where the University owns or controls buildings or property within the jurisdiction (e.g., see Clery Geography defined below). The University relies on the information obtained from these sources but is not responsible if the information is inaccurate or not provided.

Campus Security Authority (CSA). Campus Security Authority is a Clery-specific term that encompasses four groups of individuals and organizations associated with an institution:

- i. An official of the institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. If such an official is a pastoral or professional counselor, the official is not considered a campus security authority when acting as a pastoral or professional counselor.
- ii. A campus police department or a campus security department.
- iii. Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department, such as an individual who is responsible for monitoring entrance into institutional property.
- iv. Any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.

The following list denotes the positions at the University that have been identified as meeting the federal definition of a CSA for the purposes of Timely Warning notifications and the annual statistical disclosure. The list is intended to be comprehensive, but certain positions may not be specifically listed.

- i. All employees in the Student Affairs Office of each of the component colleges.
- ii. Title IX Coordinator.
- iii. Faculty advisors to student groups.
- iv. President.
- v. Front desk receptionist (responsible for letting people into the building);
- vi. CFO.
- vii. Vice President of Operations.
- viii. All Campus Security staff; and
- ix. Academic counselors and advisors.

Importantly, the University's Unlawful Discrimination, Harassment, Sexual Misconduct and Title IX Policy and Procedures, define a "Confidential Resource" (e.g., also defined below). Confidential Resources at the University are not considered CSAs when acting within the scope of their license and are not required to report crimes for inclusion in the annual security report. While Confidential Resources are exempt from reporting requirements, the University encourages counselors, if and when they deem it appropriate, to inform those they counsel of procedures for reporting crimes on a voluntary, confidential basis for inclusion in the annual security report.

The University's Confidential Resources ("Confidential Resources") include only mental health counselors and other persons working pursuant to professional license requiring confidentiality while working on campus when working within the scope of their licensure. Physicians, pharmacists, and other healthcare professionals employed by the University as faculty and not employed to provide healthcare services to employees or students are not Confidential Resources. Confidential Resources are exempt from reporting Sex-Based Misconduct when working in the course and scope of their licensure. When Confidential Resources are not working in the course and scope of their licensure, and they learn about allegations of Prohibited Conduct they are required to report that conduct as any other Responsible Employee.

The University's Unlawful Discrimination, Harassment, and Title IX Policy and Procedures defines "Responsible Employees" as follows:

"All employees of CHSU are mandated to report allegations of Prohibited Conduct, including Sex Discrimination, to the Title IX Coordinator unless specifically exempted from reporting obligations as a Confidential Employee/Resource, as defined below, ("Responsible Employees").

Responsible Employees include employees who are also students when the Student-Employee receives such information in their capacity as an employee.

All Responsible Employees of the University who receive information that a possible violation of this Policy has occurred shall promptly report that information to the Title IX Coordinator. It is not sufficient for a Responsible Employee to report Prohibited Conduct to their supervisor; rather, a direct report by the Responsible Employee to the Title IX Coordinator is required to comply with this Policy. The online reporting form can be accessed at <https://chsu.edu/non-discrimination-harassment-prevention-title-ix>.

In accordance with the Unlawful Discrimination, Harassment, and Title IX Policy and Procedures, a Responsible Employee must report to the school's Title IX coordinator, or other appropriate designee, all relevant details about the alleged sexual violence, sexual harassment, or other prohibited behavior that the person has shared. This includes the names of the alleged perpetrator (if known), the person who experienced the alleged sexual violence or sexual harassment, other witnesses involved in the alleged incident, as well as relevant facts, including the date, time, and location.

The University encourages all campus community members to promptly report all crimes and other emergencies to campus security, as well as local law enforcement. Specifically, when a CSA becomes aware of an incident that involves an ongoing or imminent threat to the community that might require a Timely Warning or Emergency Notification to be distributed, the CSA should call 9-1-1 immediately or as soon as possible. CSAs are responsible for immediately reporting crimes and incidents that occur on the University's Clery Geography to the Clery Coordinator (or designee).

Statistical crime information from CSAs and outside law enforcement agencies, such as the Clovis Police Department, is integrated into a single document, included at the end of this report, and is also available on the University web page, and provided in a hard copy document upon request. These statistics are also submitted by the University to the US Department of Education. An annual email notification is sent to the campus community from the Vice President of Operations (or designee) reminding students and employees that safety is a priority and referring them to the annual security report on the University's website to review the complete report.

## **Defining the University's Clery Geography**

The University is required to report data regarding crimes that take place On-Campus, on Public Property and in Non-Campus Buildings or Property, as defined further below.

**Clery Geography.** The campus geographic areas, as defined by the Clery Act, for which Clery Crimes are required to be reported are defined by law below. Based on the below Clery Geography definitions, the University's Clery Geography contains the following boundaries, and is shown in a University Clery Map attached as Exhibit A and made part of this report. The geographic categories include the following under the Clery Act:

**On-Campus.** Any building or property (i) owned or controlled by the University within the same reasonably contiguous geographic area and used by the University in direct support of, or in a manner related to, the University's educational purposes, including residence halls<sup>1</sup>;  
(ii) that is within or reasonably contiguous to the campus that is owned by the University but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor). This includes the following: The buildings located at 120 N. Clovis Avenue and 2500 Alluvial Avenue, including the adjacent University parking lots.

**Public Property.** All public properties, including thoroughfares, streets, sidewalks, and parking facilities, that are within the campus, or immediately adjacent to and accessible from the campus.

This includes the following: (i) 120 N. Clovis Avenue building is bordered on the east by a four-lane roadway (Clovis Avenue), on the west by a portion of the walking trail that is adjacent to the building maintained by the City of Clovis, on the south by the Fairfield Inn & Suites Hotel located at 50 N. Clovis Avenue, and on the north by an open field. This includes the following: Clovis Avenue and Alluvial Avenue thoroughfares and sidewalks that border University property. The portion of the walking trail that is adjacent to 120 N. Clovis Avenue; (ii); (iii) 2500 Alluvial Avenue building is bordered on the north by a four-lane roadway (Alluvial Avenue), on the south by the freeway 168 onramp, on the east by City of Clovis Fire Station #5, and on the west by an open field.

**Non-Campus Property.** Buildings or property that are: (i) owned or controlled by the University; and (ii) used in direct support of, or in relation to, the University's educational purposes, and, (iii) frequently used by students, and (iv) not within the same reasonably contiguous geographic area of the University campus; or (v) any building or properties owned or controlled by a student organization that is officially recognized by the University, or any property outside of the United States if the property otherwise meets the definition of Non-Campus Property described above in subsections i or ii above.

This includes the following: The University does not utilize any non-campus property.

### **Campus Security Authority and Jurisdiction**

The University employs state certified security guards on campus during specific assigned hours and contracts with CIS Security ("CIS") to provide security in campus buildings and around campus. CIS continually seeks to provide a safe and secure environment for all members of the University community. CIS has primary jurisdiction of all University owned and operated properties and patrols within the University's Clery Geography (as shown on the map enclosed as Exhibit A)<sup>2</sup> Local law enforcement has jurisdiction within the University's Clery Geography, as well as within areas surrounding campus. CIS security officers do not have the power to make arrests. The University has an official Memorandum of Understanding (MOU) with the Clovis

Police Department. CHSU works closely with the Clovis Police Department and other State and local law enforcement agencies in a collaborative effort to prevent regional crime and apprehend criminal suspects.

### **Monitoring Off-Campus Locations**

The University does not have any officially recognized student organizations with off-campus locations and therefore does not monitor or record criminal conduct occurring at such locations.

---

<sup>1</sup> Currently, the University does not have any student or employee housing.

## Clery Crimes

The Clery Act requires that certain crimes occurring in the Clery Geography (as defined above) be tracked and reported annually by the University to the U.S. Department of Education and shared with University students and employees. Attempts at these crimes also are included in “Clery Crimes” reporting. The following offenses are Clery Crimes: criminal homicide (murder and non-negligent manslaughter and manslaughter by negligence), sex offenses (rape, fondling, incest and statutory rape), robbery, aggravated assault, arson, burglary, motor vehicle theft, domestic violence, dating violence, stalking, Hate Crimes (as defined below), and arrests or referrals for disciplinary action for drug abuse, liquor and/or weapons law violations. These definitions are only for purposes of Clery Crime reporting and may differ from the California Penal Code or other University policies, such as the Unlawful Discrimination, Harassment, Sexual Misconduct and Title IX Policy and Procedures.

### Part 1 – Primary Crimes

- i. **Murder and Non-Negligent Manslaughter.** The willful (non-negligent) killing of one human being by another.
- ii. **Negligent Manslaughter.** The killing of another person through gross negligence.
- iii. **Aggravated Assault.** An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault is usually accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Simple assaults are excluded.
- iv. **Arson.** Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc. Note that only fires determined through investigation to have been willfully or maliciously set are classified as arsons. Arson is therefore the only Clery Act offense that must be investigated before it can be disclosed. If other Clery Act offenses were committed during the arson incident, the most serious is counted in addition to the arson.
- v. **Burglary.** The unlawful entry of a structure to commit a felony or a theft. Attempted forcible entry is included.
- vi. **Robbery.** The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.
- vii. **Motor Vehicle Theft.** The theft or attempted theft of a motor vehicle. A motor vehicle is self-propelled and runs on the surface and not on rails. Motorboats, construction equipment, airplanes, and farming equipment are specifically excluded from this category.

#### A. Sex Offenses

- a. **Rape.** The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
- b. **Fondling.** The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of the victim’s age and/or because of the victim’s temporary or permanent mental incapacity.
- c. **Incest.** Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- d. **Statutory Rape.** Sexual intercourse with a person who is under the statutory age of consent.

## Part 2 – Alcohol, Drug and Weapon Violations

- i. **Liquor Law Violations.** The violation of State or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages, not including driving under the influence and drunkenness.
- ii. **Weapons Possession.** The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices, or other deadly weapons.
- iii. **Drug Abuse Violations.** The violation of laws prohibiting the production, distribution, and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation, or importation of any controlled drug or narcotic substance. Arrests for violations of State and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs.

## Part 3 – Hate Crimes

A crime reported to local police agencies or to a CSA as defined in the University's Clery Act Campus Security Authorities Policy and above in this report, that manifests evidence that the victim was intentionally selected because of the perpetrator's bias against the victim. For the purposes of this section, the categories of bias include the victim's actual or perceived race, religion, gender, gender identity, sexual orientation, ethnicity, national origin, and disability. For Clery Act purposes, Hate Crimes include any of the following offenses that are motivated by bias: murder and non-negligent manslaughter, manslaughter by negligence, sex offenses (rape, fondling, incest and statutory rape), robbery, aggravated assault, burglary, motor vehicle theft, arson, larceny-theft, simple assault, intimidation, or destruction/damage/vandalism of property. Below are the definitions of larceny-theft; simple assault; intimidation; destruction, damage or vandalism of property.

- i. **Larceny-Theft.** The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another.
- ii. **Simple Assault.** An unlawful physical attack by one person on another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.
- iii. **Intimidation.** To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or conduct, but without displaying a weapon or subjecting the victim to actual physical attack.
- iv. **Destruction, damage, or vandalism of property.** To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of the property.

#### Part 4 - Violence Against Women Act (2013) Offenses

- i. **Domestic Violence.** A felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of California, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of California.
- ii. **Dating Violence.** Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; where the existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. Dating Violence is not limited to sexual or physical abuse or the threat of such abuse. (If an act of violence meets the definition of domestic violence, then the act is classified as Domestic Violence rather than Dating Violence).
- iii. **Stalking.** Engaging in a course of conduct directed at a specific person that would cause a reasonable person to (i) fear the person's safety or the safety of others; or (ii) suffer substantial emotional distress. Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person's property. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling. Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.

## **Reporting Criminal Offenses, Emergencies & Other Incidents**

The University encourages accurate and prompt reporting of all crimes by students/employees to local law enforcement when the victim of a crime elects to, or if the victim is unable to, make such a report. Crimes in progress and crimes that have just occurred should be reported to the Clovis Police Department as soon as possible by dialing 9-1-1 from any cellular or campus phone. Because using 9-1-1 for non-emergency calls may delay help people caught in real emergencies, non-emergency crime reports and security or public safety-related matters should be reported to the non-emergency line with the Clovis Police Department at 559-324-2800, or report incidents in person. Individuals are encouraged to report all crimes directly to the police.

Examples of what to report:

- i. You see someone committing a crime.
- ii. You need to report an old crime.
- iii. You see anyone or anything suspicious.
- iv. Someone is injured or ill.
- v. You see fire or smell smoke.
- vi. You have knowledge of a chemical spill.

In addition to reporting all crimes to local law enforcement, students and employees are also encouraged to report all crimes and public safety-related incidents to the Clery Coordinator in a timely manner. The University's Clery Coordinator, Director of Security, Mr. Matthew Basgall may be contacted by phone at 559-701-2131 (direct line), via email [mbasgall@chsu.edu](mailto:mbasgall@chsu.edu), or in-person at 2500 Alluvial Avenue, Clovis, CA 93611.

Additionally, reports may also be made directly to CIS Security 24 hours a day, 365 days a year. Reporting timely information to law enforcement as well as the University assists the University in developing Emergency Notifications, Timely Warnings, and/or Crime Advisories regarding potential danger on campus. Reporting crimes also aids in the collection of crime statistics for this report.

Crimes or incidents occurring outside the University's jurisdiction should be reported to the agency having jurisdiction where the incident occurred.

When calling to report a crime or incident, please be ready to provide detailed information such as a brief description of the incident, when and where the incident occurred, description of the suspect(s), weapons the suspect(s) carried, where and when the suspect(s) was last seen and any other relevant information. Whenever possible, the actual victim or witness of the crime should call directly.

## **Procedures for Reporting Sexual Assault**

The University does not tolerate sexual violence or sexual harassment and seeks to create and maintain a safe environment in which all members of the University community can learn and work free from the fear of sexual harassment, sexual assault, dating and domestic violence, stalking, and other forms of violence.

The University's policy regarding Unlawful Discrimination, Harassment, and Title IX Policy and Procedures prohibits sexual violence, sexual harassment and other sexual misconduct. The University will

respond promptly and effectively to reports of sexual harassment and sexual violence (including sexual assault, dating and domestic violence, and stalking) and will take appropriate actions to prevent, to correct, and when necessary, to discipline behaviors that violate these policies.

Those who feel they have been the victim of sexual violence or sexual harassment should visit <https://chsu.edu/title-ix/> for more information about reporting options and contact information, including the University's complaint form which may be found at <https://chsu.edu/chsu-concern-report-form/>.

In addition, those who believe that they are the victims of sexual violence (sexual assault, dating and domestic violence, or stalking) should:

- i. Immediately call the police department. For assaults that occur on or around campus, call 9-1-1 to reach the Clovis Police Department. For assaults that occur off University property, report it immediately to the local law enforcement agency.
- ii. Get medical attention. This will allow victims to receive emergency medical treatment and evidence collection. Medical attention for sexual assault survivors is vital to detecting and treating a range of medical concerns, including sexually transmitted diseases, pregnancy, and possible internal injuries. Within 72 hours of a sexual assault, it is important to collect evidence to aid the prosecutorial process.
- iii. Student Affairs staff at CHSU provides students with resources for mental health and health services. For help with Financial Aid, students should reach out to the Office of Financial Aid.
- iv. Students are able to use the on-site Behavioral Health Specialist(s) as well as the external services of a Licensed Marriage and Family Therapist (LMFT), and a clinical psychologist. The psychological counselor is contracted with the University to provide psychological counseling services for students experiencing anxiety, depression, or alcohol and substance abuse. Students can receive up to six sessions of such counseling paid for by the University.
- v. CHSU provides 24/x7 mental health services through the Aetna Student Assistance Program (SAP). Aetna SAP, along with the 24-hour counseling services are able to provide assistance with addiction, wellness assessments legal and financial resources to name a few. Students are encouraged to access this service by going to the website: <https://www.aetnastudenthealth.com/en/school/175147/members/student-assistance-program.html>.
- vi. All students, regardless of whether they have insurance through the University, have access to the Aetna SAP services.
- vii. University employees are encouraged to utilize the Employee Assistance Program
- viii. ("EAP") for support.
- ix. Survivors are not required to file a report or press charges in order to access these resources. For more information on these services students should contact their college's Office of Student Affairs and employees should contact the Office of Human Resources.

## **Reasons to Report Crimes to University and Local Law Enforcement**

The University recognizes it is a victim's choice to report a crime. If a victim chooses not to report the crime immediately, the report can be made at a later time, however immediate reporting may allow the University to take action which may prevent further victimization, including issuing a Timely Warning or Emergency Notification to the campus community. Additionally, reporting the crime to the University will assist the University in being able to:

- i. Provide a Timely Warning (as defined by the University's Timely Warning and Emergency Notification Policy) to students and employees if there is a crime posing an ongoing threat to the safety of students or employees.
- ii. Notify law enforcement so that they can investigate the reported crime if warranted; and
- iii. Accurately disclose crime statistics as required by the Clery Act.

Reporting to local law enforcement may:

- i. Assist in the apprehension of a suspect.
- ii. Assist in the collection and preservation of evidence that may be lost if not recovered soon after a crime; and
- iii. Assist in proper documentation for criminal prosecution.

The University encourages survivors of sexual assault, dating and domestic violence, or stalking to contact Ms. Carlita Romero-Begley, MSL, PHR, SHRM-CP, Vice President of Human Resources and Title IX Coordinator, by phone at 559-282-8747 (direct line), via email at [cromerobegley@chsu.edu](mailto:cromerobegley@chsu.edu), or in person 120 N Clovis Avenue, Clovis, CA 93612.

## **Campus Emergency Phones**

There are Emergency Phones/Poles located throughout the University's Alluvial campus. These phones directly call an emergency dispatch center and are activated upon pick up. If you cannot speak, all you need to do is activate the line and the dispatcher will identify your location and send assistance.

## **Voluntary Confidential Reporting**

The University encourages anyone who is the victim of a crime to report it directly to law enforcement.

The University will protect the privacy of individuals involved in a report of prohibited conduct to the extent permitted by law and University policy and procedures. However, depending on the circumstances an investigation may be necessary as described by university policies.

Although the University encourages persons reporting crimes to identify themselves to enable the University to take appropriate action and prevent future crimes, victims of crime who do not want to pursue action within the University or the criminal justice systems may still want to consider making a confidential report to the Clery Coordinator, only for purposes of collecting statistical information (for inclusion in the annual security report) and to help prevent future crimes.

Members of the campus community may also choose to file a report with the University by completing the form at <https://chsu.edu/safety/>.

## Protecting Victim Confidentiality

The University recognizes the sensitive nature of sexual assault, dating and domestic violence, and stalking incidents. The University is committed to protecting the privacy of any individual who makes a report.

- i. Reports made to confidential on-campus resources. Confidential Resources, such as professional counselors, may talk to victims without revealing any identifying information about them to anyone else at the University, including the Title IX Officer, without the victim's consent. Except under certain limited circumstances (such as risk of imminent harm to the victim or others).
- ii. Reports made to law enforcement. A victim who reports to local law enforcement may request to be treated as confidential.
- iii. Reports made to the Title IX Coordinator. The Title IX Coordinator makes every reasonable effort to protect the privacy of all individuals throughout all phases of the complaint resolution process. While the Title IX Coordinator cannot guarantee absolute confidentiality, disclosure of facts to parties and witnesses is limited to what is reasonably necessary to comply with law or University policy, including (but not limited to), for the purposes of investigating and/or resolving the complaint.
- iv. Supportive Measures. The University will maintain any supportive measures provided to the parties as confidential, as defined by the University's Unlawful Discrimination, Harassment, Sexual Misconduct and Title IX Policy and Procedures, to the extent that such confidentiality does not impair the University's ability to provide the supportive measure.
- v. Clery Act and Other Public Records. Publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without including personally identifying information about the victim. Also, the University does not publish the names of crime victims as part of its Clery-mandated reporting, nor does it house identifiable information regarding victims in its daily crime log or online.

## Anonymous Reporting

While the University encourages all persons reporting crimes to the University to identify themselves to help the University appropriately respond, Clery compliance reporting does not require the names of involved persons. However, the name and contact information of the CSA making the report is required so that the University can conduct follow up, if needed, to minimize the potential for an incident to be counted more than once.

## Reporting Hate Crimes & Incidents

The University takes a strong stance against hate crimes. Crimes motivated by the victim's actual or perceived race, religion, gender, gender identity, sexual orientation, ethnicity, national origin, and disability are hate crimes and are a serious offense under California law that may result in prison time.

If you are a victim of or witness to a hate crime or incident, report it as soon as possible to the appropriate

police agency. The Deans of the component colleges, as well as the Title IX Coordinator, assist the University in handling hate crimes and related violations.

### **Campus Security and Crime Prevention Programs**

The University offers a variety of primary crime prevention programs to inform students and employees about safety/security procedures and protocols both for new and existing students and employees. Specifically, the University will require students and employees to attend annual training courses provided by law enforcement and the University will provide annual: safety information sessions, presentations, workshops, posters throughout campus, and trainings. The presentation topics will include general, personal and workplace safety and property theft prevention and alcohol/drug awareness.

These programs encourage students and employees to be responsible for their own safety and the safety of others, by taking proactive steps to reduce the likelihood of victimization or crimes on campus. Many crimes can be prevented by staying alert and aware of surroundings and securing personal property at all times.

### **Registered Sex Offenders**

California's Megan's Law website ([www.meganslaw.ca.gov](http://www.meganslaw.ca.gov)) provides the public with certain information on the whereabouts of sex offenders. The existing provisions of Megan's Law address the requirements of section 121 of the federal law known as the Adam Walsh Child Protection and Safety Act of 2006.

### **Unfounded Crime Reports**

A reported Clery crime to the law enforcement or the Clery Coordinator may not be withheld or subsequently removed from the Clery crime statistics data based on a decision by a court, coroner, jury, prosecutor, or other similar non-campus official. However, a reported crime may be withheld or subsequently removed from the crime statistics in the rare situation where sworn law enforcement personnel have fully investigated the reported crime and, based on the results of a full investigation and evidence, have made a formal determination that the crime report is false or baseless and therefore "unfounded." Only sworn or commissioned law enforcement personnel may "unfound" a crime report. It is important to note that the recovery of stolen property, the low value of stolen property, the refusal of the victim to cooperate with the prosecution, or the failure to make an arrest do not "unfound" a crime report.

### **California Mandatory Reporting Laws**

As outlined by Penal Code §368 and Welfare and Institutions Code §15600 et al., the California Legislature enacted laws to require elderly and dependent adult care custodians, health practitioners, Adult Protective Services staff, law enforcement, and other designated agencies to report and to investigate incidents of abuse/neglect. The categories of abuse and neglect that must be reported by mandated parties now include physical, sexual, financial, isolation, abandonment, abduction, neglect, mental suffering, and self-neglect.

California Penal Code §11160 requires prompt, mandatory reporting to the local law enforcement agency by healthcare practitioners when they provide medical services to a person they know, or reasonably suspect is suffering from wounds inflicted by a firearm or as a result of assaultive or abusive conduct.

The Child Abuse Neglect and Reporting Act (CANRA), codified in California Penal Code §§11164-11174.3, requires that employers of mandated reporters (as defined in the Act) promote identification and reporting of child abuse or neglect. It is the policy of the University to comply with its obligations under the Act; to require that all University employees and administrators who are mandated reporters make required reports to child protection or law enforcement agencies; and, more broadly, to encourage all members of the University community who observe, have actual knowledge of, or reasonably suspect child abuse or neglect at the University or perpetrated by University personnel to promptly report the concern to appropriate law enforcement and University officials.

## **Emergency Response**

As a small, suburban-based graduate health sciences university, the University does not maintain a campus police, fire or other emergency services department. Accordingly, all emergencies on campus should be reported immediately to emergency first responders by dialing 9-1-1. The Clovis Police Department and other first response departments will respond to, and summon the necessary resources, to mitigate, investigate, and document significant emergencies or dangerous situations. Additionally, all cases, incidents of emergency or non-emergency injuries are to be reported in compliance with the University's policies governing student or employee injuries, including but not limited to the University's Job Safety Policy (e.g., includes the University's Injury and Illness Prevention Program) and the Reporting Policy and Procedures for On-Campus Incidents Accidents and Injuries.

Furthermore, the University develops emergency plans, policies and procedures, contingency plans and continuity of operations plans for its component colleges. The University will schedule tests designed to assess and evaluate the University's emergency plans and capabilities, as well as educate the campus community to the systems they may encounter. As such, the University will at least annually schedule drills, exercises, and appropriate follow-through activities, designed for the assessment and evaluation of the University's emergency plans and capabilities, which will also include routine evacuation drills during university business hours to ensure all members of the campus community are familiar with evacuation procedures. The University has its Safety, Security, and Emergency Response Policy regarding campus safety and emergency response and evacuation plans which can be accessed on-line [using this link](#).

The overall authority for implementing safeguards, security and emergency response for major emergencies rests with University's President (or designee). Members of the administration designated by the President to assist with the emergency response are part of the University Emergency Response Team ("University ERT"). The University ERT shall be made of the persons in the following positions:

- i. The President.
- ii. The Deans of each component college.
- iii. The heads of all University-level administration departments, including, but not limited to, operations, communications, business, and legal counsel; and
- iv. Other members of the administration designated by the President.

The University ERT is responsible for executive level oversight and internal decision-making during a major emergency. The President, in consultation with the Governing Board, has the authority to direct and

coordinate emergency operations and may delegate this authority to members of University ERT.

When a serious incident occurs that causes an immediate threat to the campus, the first responders to the scene are usually Clovis Police Department and Clovis Fire Department. These entities work together to manage the incident.

General information about emergency response and evacuation procedures for the University is publicized each year as part of the institution's Clery Act compliance efforts. This information is described in the next section and is also available on the University's website or in hard copy.

### **Significant Emergencies and Dangerous Situations Emergency Notifications**

The University has developed internal mass warning protocols to guide emergency planners on best practices for emergency situations that are likely to trigger initiation of the Emergency Notification System (ENS). To this end, University has partnered with the company Rave Mobile Safety to provide an emergency alert system capable of delivering messages to members of the University community via email and/or cell phone. To ensure the effectiveness of the system, all students must provide their cell phone number to the Office of the Registrar and all employees must provide their cell phone to the Office of Human Resources during initial onboarding, and employees and students are required to keep these phone numbers current for emergency contact. The Office of the Registrar is responsible for ensuring all student cell phone numbers are enrolled in the Rave Mobile Safety alert system; the Office of Human Resources is responsible for ensuring employees are so enrolled upon hire.

In an emergency, the University will issue notifications to affected students and employees upon the University learning of any situation occurring on or off campus that involves an immediate or impending threat to the health or safety of students or employees ("Emergency Notification").

Emergency notifications will be issued as soon as the University is able to determine that the threat is credible and that the situation poses an ongoing threat to University students or employees. Confirmation of an emergency can be achieved if a university student or employee hears or sees the events, or indicators of the event, such as smoke or hearing gunshots; or receiving a firsthand account from one or more people who saw or heard the event. If the University receives unconfirmed reports the University will seek additional details from firsthand witnesses or law enforcement.

Confirmation of a significant emergency or dangerous situation may be provided to the President, or designee, by various means, including University departments and local, State, or federal public safety agencies. Emergency responders and internal campus departments will advise the President, or designee, immediately regarding a significant emergency or dangerous situation as they occur and provide adequate updates so that timely and accurate Emergency Notifications may be issued.

Emergency Notifications differ from Timely Warnings in that Emergency Notifications apply to any immediate threat to the health or safety of students or employees. This may include certain criminal activity that is not one of the enumerated Clery crimes, occurs outside of the Clery geography, or may also include other types of emergencies such as fires, extreme weather conditions, bomb threats, etc. The purpose of these warnings is to aid in the prevention of similar crimes by alerting University employees and students about the incident and providing information on precautions students and employees can take to enhance their personal safety.

The authorized officials listed below will, without delay, and taking into account the safety of the University community, determine the content of the notification and initiate the notification system. The notification will be issued in these circumstances, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

The President, or designee, will primarily be responsible for sending Emergency Notifications. However, in addition to the President, anyone in the following positions may independently send a message if the nature of the situation warrants it, and prior consultation with the President, or designee, is not feasible under the circumstances.

- i. The Deans of each of the component colleges.
- ii. Heads of all University-level administration departments, including, but not limited to operations, communications, business, and legal counsel; and
- iii. Other members of the administration designated by the President.

The President, or designee, in consultation with appropriate administrators, will determine the appropriate segment of the campus population to notify, as well as the content of the notification, in consultation with local law enforcement, when appropriate. The content of the message will vary depending on the situation and will be based on the nature of the emergency, but will typically include, if known, information such as: (i) the incident time; (ii) location, (iii) type of incident; and (iv) recommended actions for safety. In many cases, all students and employees will be notified since any significant dangerous situation would affect many or all students and employees.

## **Timely Warning**

A “Timely Warning” will be issued for all Clery Act crimes that occur within the University’s Clery Act geography that are reported to CSAs, as defined above, or local law enforcement and are considered by the University to represent a serious or continuing threat to students and employees. The University shall issue a Timely Warning to the campus community after a crime is reported if the crime, in the judgement of the President, or designee, constitutes a serious or continuing threat to students or employees, to aid in the prevention of similar occurrences.

Timely Warning notifications may also include: (i) the type of crime; (ii) the date, time, and location of the incident; and (iii) suspect information, when applicable. The warnings will be communicated using one or more of the methods outlined under the Emergency Notification System section below.

Timely Warnings will withhold the names of victims as confidential or limit information that may jeopardize the safety of the victim or compromise law enforcement efforts. Confirmation of an emergency can be achieved if a university student or employee hears or sees the events, or indicators of the event, such as smoke or hearing gunshots; or receiving a firsthand account from one or more people who saw or heard the event. If the University receives unconfirmed reports, the University will seek additional details from firsthand witnesses or law enforcement.

Information reported in a Timely Warning may not have been investigated at the time the warning is issued. Physical descriptions of a suspect will be included in Timely Warnings only if there are enough details to help distinguish the suspect’s appearance from the general population. The University does not issue Timely Warnings for information provided to Confidential Resources as defined by the University’s Unlawful Discrimination, Sexual Misconduct and Title IX Policy and Procedures.

## **Emergency Notification System**

The University uses Rave Mobile and Alertus, web-based messaging services, for expedient communication. Rave Mobile and Alertus have the capability to simultaneously send messages via the following channels:

- i. SMS text message.
- ii. Voice calling; and
- iii. Email.

The method of communication used for Rave Mobile and Alertus alerts will be determined by the person sending the alert and will be based on the nature of the incident. Authorized users log- in to Rave Mobile, Alertus, using previously issued credentials, to send emergency notifications and timely warnings.

After the initial emergency notification, the University will disseminate emergency information to the larger community using the University website, social media and/or traditional media outlets. Timely information should inform the community of the general status and progress of events, as well as any instructions issued by campus administrators.

In the event of a serious incident that poses an immediate threat to members of the University community, the University uses some or all of the various systems available in addition to Rave and Alertus for expedient communication including emails, text messages (SMS), outdoor sirens & voice warning, local media outlets, and social media. In an emergency, when appropriate, the University will post updates on the University website and via the above-described systems.

## **Emergency Notification Testing and Drills**

The University is committed to running regularly scheduled campus-wide tests of emergency notification systems to ensure University preparedness for emergency situations. As part of this process, the University will send a message to students and employees via SMS text message, email, and voice call. This will help ensure that all emergency notification technology is maintained in a state of readiness, and that any problems are identified and remediated before an emergency occurs. All designated employees with responsibility to send an alert shall receive initial training in the procedures of sending emergency notification. The University understands that some employees may not be available in an emergency. Therefore, several individuals shall be trained to provide redundancy. Users shall participate in exercises at least annually to maintain proficiency in these procedures.

A full test of the emergency notification system will be conducted annually. The test may be announced or unannounced. The University has publicized its emergency response and evacuation procedures in its Safety, Security and Emergency Response Policy. In addition to tests of the emergency notification system, the University also conducts regularly scheduled drills, exercises, and appropriate follow-through activities, designed for assessment and evaluation of the University's emergency plans and capabilities—which are outlined in the University's Safety, Security and Emergency Response Policy. The University will test these procedures on at least an annual basis. These “tests” includes an exercise of the emergency management system, communications systems, and emergency response. These tests also include an evaluation of the actions taken and recommendations for improvement.

The Vice President of Operations (or designee) maintains records of tests and training exercises. The

records include a description of the test, the date and time and whether it was announced or unannounced. The most recent test was administered on October 31, 2024, at which time an e- mail and SMS message were sent out to all students and employees.

The University maintains a standard log for the use of the emergency notification system (ENS) that includes the dates, approximate times, incident type, location, and the warning devices used of any ENS issuance, including tests and exercises, and whether the test was announced or unannounced (including routine maintenance).

### **Statistics and the Daily Crime Log**

The Clery Crime Statistics chart is published at the end of this report. Current crime information is available in the Daily Crime Log, maintained by the University, and located on the University website. A copy is also available for public inspection at 2500 Alluvial Avenue, Clovis, CA 93611.

The crime log contains a record of all crimes reported to university and local law enforcement that have occurred within Clery Geography. The Daily Crime Log is designed to disclose crime information on a timelier basis than the annual statistical disclosures. A crime is entered into the log within two business days of when it is reported to the Clery Coordinator.

This includes crimes initially reported to the Clery Coordinator, as well as crimes that are reported to law enforcement and then subsequently reported by that agency to the Clery Coordinator.

All entries or additions to the Daily Crime Log are made within two business days of the report of the information being made to the University, unless that disclosure is prohibited by law or would jeopardize the confidentiality of the victim.

Regarding criminal incidents, the Daily Crime Log reflects the nature of the reported crime, the time and date the crime was reported to the University, the time and date the crime occurred (if known), the location of the crime (if known) and current disposition of the case for the past 60 days (if known). A crime is considered “reported” when it is brought to the attention of a CSA or a local law enforcement agency.

University may withhold information from the Daily Crime Log if there is clear and convincing evidence that the release of such information would jeopardize an on-going criminal investigation or the safety of an individual, cause a suspect to flee or evade detection, or result in the destruction of evidence.

The University will disclose any information withheld from the Daily Crime Log once the adverse effect is no longer likely to occur. The University’s Daily Crime Log will include all crime from the most recent 60-day period.

### **Campus Emergency Evacuation Procedures**

Evacuation drills are conducted each semester and at additional intervals as determined by the Vice President of Operations (or designee). These unannounced drills prepare building occupants for an organized evacuation in case of fire or other emergencies. During the drill, occupants practice drill procedures and familiarize themselves with the location of exits, the evacuation route, designated assembly locations, and the sound of the fire alarm.

The University is committed to ensuring access, integration, and inclusion of individuals with functional needs into all phases of the emergency management process — mitigation, preparedness, response, and recovery. Individuals with functional or access needs are defined as campus community members who may have additional needs before, during and after an incident in functional areas, including but not limited to maintaining independence, communication, transportation, supervision, and medical care.

Individuals in need of additional response assistance may include those who are disabled, elderly, minors, from diverse cultures, transportation disadvantaged, non-English speaking, or those with limited English proficiency.

Individuals with functional or access needs who are unable to evacuate during an emergency should be instructed as follows:

- i. Stay calm and take steps to protect yourself.
- ii. Call 9-1-1 and explain where you are.
- iii. If you must move, then:
  - a. Move to an exterior enclosed stairwell.
  - b. Request persons exiting by way of the stairway to notify the Fire Department of your location
- iv. Do not use elevators during an emergency.
- v. Once outside, move away from the building to allow others to exit.
- vi. Do not return to an evacuated building until given clearance by emergency personnel.

## **Power Outage Procedure**

Incidents sometimes occur where the University suffers a total or partial power failure. In the event of a power outage, follow the following procedure:

- Step 1 – Remain calm and provide assistance to others if necessary.
- Step 2 – Move cautiously to a lighted area, follow the exit signs.
- Step 3 – Go to [chsu.edu/emergency-contacts](https://chsu.edu/emergency-contacts) for information on extended outages.

## **Earthquake Procedure**

In the event of an earthquake, follow the following procedure:

- Step 1 – Take cover under desk or table.
- Step 2 – Protect Head and neck, wait for shaking to stop.
- Step 3 – Stay away from windows.
- Step 4 – Evacuate building after shaking has stopped, do not use elevators.

## **Fire Procedure**

In the event of a fire:

- Step 1 – Activate fire alarm.
- Step 2 – Call 9-1-1.
- Step 3 – Evacuate the building, move away from fire and smoke.
- Step 4 – Use stairs only, do not use elevators.
- Step 5 – Provide assistance to others.

## **Bomb Threat or Suspicious Object Procedure**

Immediately upon finding a suspicious object or receiving a bomb threat:

- Step 1 – Do not touch or disturb the suspicious object. If you receive a bomb threat via phone call, write down as many details of the call as possible.
- Step 2 – Report suspicious object or threat to local law enforcement by calling 9-1-1.
- Step 3 – Alert others to stay away from the area.

## **Active Shooter Procedure**

- Step 1 – RUN: Run from danger, run to safety. Plan in advance how you would get out. When safe, call 9-1-1.
- Step 2 – HIDE: If you cannot run then hide, find a location away from windows, lock and barricade doors. Turn off lights, silence your cell phone. Be quiet.
- Step 3 – FIGHT: Last Resort! If you cannot run or hide, attempt to disrupt or incapacitate the shooter. Be aggressive. Commit to your actions. Throw items to improvise weapons (e.g., chair, fire extinguisher).

## **Hazardous Materials Release Procedure**

- Step 1 – Move away from hazard area.
- Step 2 – Move upwind and uphill if possible.
- Step 3 – Alert others to keep clear of the area.
- Step 4 – Call 9-1-1.

## **Medical Emergency Procedure**

- Step 1 – Call 9-1-1. Be prepared to provide the 911 dispatcher the following information if known: Name of victim; Campus address and telephone number; Exact location of victim; Apparent nature of illness or injury; Age of victim (if known); Your name; Standby at the scene to direct Emergency personnel to the victim.
- Step 2 – Follow directions of 911 dispatcher. Look out for emergency first responders/ambulance. Help direct first responders to victims.
- Step 3 – Contact Human Resources if employee, Student Affairs if student. File incident paperwork as directed.

## **Access to Campus**

University buildings are generally locked, and only authorized employees and students are able to access the buildings using their university-issued key cards. These University issued key cards are programmed to allow the cardholder access to appropriate entrance at appropriate times of the day and week depending on the needs of the University. Certain employees and students are granted after-hours access on an as-needed basis. Exterior doors are kept locked except to facilitate daily business during hours of operation.

The University contracts with private security personnel who are required to check exterior and interior doors during their patrols. The University's front desk receptionist also monitors access to university buildings during the day. To ensure building access is possible for only authorized individuals, it is essential that students and employees work together to keep the doors to the buildings closed. Additionally, students and employees should not open the door for unfamiliar individuals and should immediately report to the Vice President of Operations or their designee if their campus keys/access cards are lost or stolen.

## **Parking Privileges and Vehicle Decals**

University students, faculty and staff are required to have a parking permit to park on campus. Parking permits are issued to students, faculty, and staff by the Facilities Coordinator. Students who have registered for handicapped parking permits online must provide acceptable medical documentation supporting a request for accommodation through the Human Resources Office.

All parking permits must be displayed in plain view when parking on campus. Failure to display a permit could result in an assessment of a penalty as provided in the University's Parking Policy, and a vehicle being cited, or towed.

## **Visitor Access**

Anyone who brings a guest to campus is responsible for making relevant University policies and regulations known to them and must accept responsibility for their conduct during their visit.

## **Security Considerations in the Maintenance of Facilities**

The Vice President of Operations, or designee, maintains campus facilities, routinely inspecting the facilities for safety and security related concerns. The Vice President of Operations or designee also schedules repairs affecting safety and security. The Vice President of Operations or designee also responds to potential safety and security hazards reported by students, employees, and private security personnel such as broken windows, locks, or lighting deficiencies. Students and employees are encouraged to promptly report facilities issues to the Vice President of Operations, Mr. James Dunn at 559-325-3600 or via email at [jdunn@chsu.edu](mailto:jdunn@chsu.edu).

## **Safety Considerations**

Students and employees should report crimes, suspicious activity or behavior to law enforcement immediately, including any activity or behavior that poses an imminent threat to persons or property.

## **Property**

The University recommends taking the following precautions to help prevent theft of property on campus:

- i. Lock your doors and windows anytime you leave your office.
- ii. Never prop open a locked door.
- iii. Do not allow “piggybacking” (when someone unknown to you tries to enter a secured building behind you).
- iv. Immediately report broken or malfunctioning locks and card readers to the Vice President of Operations.
- v. Lock your vehicle and remove valuables.
- vi. Secure laptops in a closet or drawer or secure them to a fixed object with a cable lock.
- vii. Never leave laptops or other mobile devices unattended; and
- viii. Secure bicycles by the frame to a bicycle rack with a U-lock.

## **Identity Theft**

The following precautions are recommended for helping to prevent identity theft:

- i. Protect your Social Security number and card.
- ii. Inspect your credit report and financial statements regularly and shred anything with your personal information on it before disposal.
- iii. Never click on links in unsolicited emails; and
- iv. Utilize Federal Trade Commission and IRS resources at <https://www.ftc.gov/faq/consumer-protection/report-identity-theft>.

## **Online Security**

Students and employees should notify the University’s IT department immediately if a computer containing any sensitive or confidential information has been lost, stolen, or compromised. Incidents involving theft of property or information should also be reported to the police. To help prevent security breaches see the University’s Network Security and Security of Devices Connecting to the Network Policy.

## Threat Assessment

The University has a comprehensive Risk Management Policy.

As part of the University's goal to keep students safe and ensure their well-being, there is a process that staff and faculty can utilize to report concerns about a specific student. If any staff or faculty member identifies that a student has expressed thoughts or threats to harm themselves or others, we encourage you to use the "Submit a Tip" form located at <https://chsu.edu/safety/>. The appropriate department will attempt to intervene and work to provide appropriate guidance to ensure the students' well-being.

Long before many perpetrators of violence act out, they often raise "red flags" among various individuals with whom they come in contact, including professors, police, peers, and mental health counselors. The problem is that this information is often scattered among multiple individuals. Not one person has a full picture of what is going on with the person of concern. The interdisciplinary approach to threat assessment helps ensure that "red flags" are investigated and people who need help receive support before they turn to violence.

The main goals of the Threat Assessment and Management Team ("Team") is to prevent individuals from harming themselves or others, and to assist persons in need. By identifying and responding to persons in need, the Team is perhaps one of the most critical tools the University has to prevent targeted violence on campus and identifying and intervening in problems that affect the well-being of the campus community. The Team aims not only to prevent people from harming others, but also from harming themselves or disrupting their own ability to succeed in their employment or educational goals.

The Team receives and assesses all reports of threats and other alarming behaviors by any student or employee of a college or university, as well as by others who might impact the safety or well-being of the campus community (e.g. people living close to the campus who exhibit threatening or unusual behaviors).

The Team is committed to improving community safety through a proactive, collaborative, coordinated, objective, and thoughtful approach to the prevention, identification, assessment, intervention, and management of situations that pose, or may reasonably pose, a threat to the safety and well-being of the University community.

There is no single "type" of person who perpetrates violence. The threat assessment process is focused on the specific behaviors a person has exhibited and determining whether the person poses a threat based on those behaviors. In terms of demographics, background or appearance, there is no useful profile of a person who engages in violence or harm. Many people who do not act in violence may possess characteristics and traits of people who do. In contrast to profiling, this threat assessment approach focuses on behaviors by a person of concern and whether the circumstances and facts of the case indicate a person is thinking of or planning harm.

This approach is primarily concerned with behavior that may not have violated a university policy, but that is a concerning indicator for violence or other harm. If the Team determines that a behavior has violated a University policy that also provides for remedies for the behavior under that policy, such as the Unlawful Discrimination, Harassment, Sexual Misconduct and Title IX Policy and Procedures or Employee Conduct Policy, the behavior in question will be investigated and remedied according to that policy.

After receiving a report of concerning behavior, the Team gathers information from a variety of sources

both on and off campus and will seek to verify information from several sources when possible. Using the information available, the Team examines the context of behavior, factors that may precipitate violence, and any information that may indicate that a person is on a trajectory toward violence or other negative behavior. The Team determines how it might be able to intervene to prevent harm. Where no other University policy specifically addresses the behavior or threat, the Team uses multiple strategies to manage a threat including connecting and/or providing the individual with resources and assistance, reducing access to a target, issuing no contact directives or no trespass directives, decreasing the vulnerability of a potential target, and address situational or environmental factors.

## **Alcohol and Controlled Substances**

The University is committed to providing a safe, healthy and supportive learning and work environment for students and employees. The Drug-Free Schools and Communities Act of 1989 (“DFSCA”) is a federal law that requires Universities receiving Title IV funds to adopt and implement drug and alcohol abuse prevention programs (“DAAPP”). The purpose of DFSCA is to ensure that students and employees are provided with important information regarding the educational, discipline, health and legal consequences of unlawful drug use and alcohol abuse. The University also has an employee policy, Prohibited Drug and Alcohol Abuse and a Student Alcohol, Drug and Tobacco Policy.

The University strives to maintain communities and workplaces free from the unlawful use, possession or distribution of alcohol and controlled substances. The use, possession, manufacture, sale or distribution of unlawful drugs or drug-related paraphernalia, (except as expressly permitted by law and University regulations) or the misuse of legal pharmaceutical drugs is prohibited. The University prohibits any violation of state and federal drug laws.

Similarly, the use, possession, manufacture, sale or distribution of alcoholic beverages (except as expressly permitted by law and University policy), or public intoxication while on campus or at a university related activity is prohibited. Furthermore, the University prohibits all violations of California state underage drinking laws.

## **Statement on Disciplinary Sanctions**

Students found to be in violation of University unlawful drug or alcohol related policies as well as the University’s Student Drug, Alcohol and Tobacco Use Policy and the Student Conduct and Professionalism Policy or violation of local, state or federal laws related to unlawful drugs and/or alcohol, may be subject to disciplinary action, up to and including dismissal, referral for prosecution and any criminal or civil penalties students may face at the local, state or federal level.

Employees found to be in violation of these laws and policies may be subject to disciplinary action, up to and including termination, under applicable University policies, including but not limited to the Employee Conduct, Grooming and Attire Policy and the Prohibited Drug and Alcohol Abuse Policy, as well as other contractual agreements between the University and the employee. Additionally, the employee may be referred for prosecution and may also face criminal or civil penalties resulting from violating a local, state and/or federal law for the same conduct.

## **Annual Notice**

Under the DFSCA, the University is required to annually distribute its drug abuse and alcohol prevention program to students and employees. These requirements exist as a condition of receiving funds or any other form of financial assistance under any Federal program. The annual notification includes:

- i. Standards of conduct that clearly prohibit, at a minimum, the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employee on university property or as part of any University activities.
- ii. A list of applicable legal sanctions under federal, state and local laws for the unlawful possession or distribution of unlawful drugs and alcohol.
- iii. A description of the health risks associated with the abuse of alcohol or use of unlawful drugs.
- iv. A list of any drug and alcohol counseling, treatment or rehabilitation or re-entry programs that are available to employees and students; and
- v. A clear statement that the University will impose disciplinary sanctions on students and employees and a description of those sanctions, up to and including dismissal, termination of employment and referral for prosecution.

## **Health Risks**

Improper use of drugs or alcohol can seriously injure the health of employees and students, impair the performance of their responsibilities and endanger the safety and well-being of fellow employees, students and members of the general public.

### **Health Risks of Alcohol Abuse**

The Center for Disease Control and Prevention (“CDC”) has stated the following short-term and long-term health risks of alcohol abuse described below.

#### *Short-Term Health Risks*

Excessive alcohol use has immediate effects that increase the risk of many harmful health conditions. These are most often the result of binge drinking and include the following:

- i. Injuries, such as motor vehicle crashes, falls, drownings, and burns.
- ii. Violence, including homicide, suicide, sexual assault, and intimate partner violence.
- iii. Alcohol poisoning, a medical emergency that results from high blood alcohol levels.
- iv. Risky sexual behaviors, including unprotected sex or sex with multiple partners. These behaviors can result in unintended pregnancy or sexually transmitted diseases.
- v. Miscarriage and stillbirth or fetal alcohol spectrum disorders (FASDs) among pregnant persons.

#### *Long-Term Health Risks*

Over time, excessive alcohol use can lead to the development of chronic diseases and other serious problems including:

- i. High blood pressure, heart disease, stroke, liver disease, and digestive problems.
- ii. Cancer of the breast, mouth, throat, esophagus, liver, and colon.
- iii. Weakening of the immune system, increasing the chance of getting sick.
- iv. Learning and memory problems, including dementia and poor school performance.
- v. Mental health problems, including depression and anxiety.
- vi. Social problems, including lost productivity, family problems, and unemployment.
- vii. Alcohol use disorders, or alcohol dependence.

## **Health Risks of Unlawful Drug Use**

The National Institute on Drug Abuse has stated the following short-term and long-term effects of drug abuse, described below.

Short-term effects can range from changes in appetite, wakefulness, heart rate, blood pressure, and/or mood to heart attack, stroke, psychosis, overdose, and even death. These health effects may occur after just one use.

Longer-term effects can include heart and lung disease, cancer, mental illness, diseases such as: HIV/AIDS, hepatitis, and others. Long-term drug use can also lead to addiction. Drug addiction is a brain disorder. Not everyone who uses drugs will become addicted, but for some, drug use can change how certain brain circuits work. These brain changes interfere with how people experience normal pleasures in life, their ability to control their stress level, their decision-making, their ability to learn and remember, etc. These changes make it much more difficult for someone to stop taking the drug even when it is having negative effects on their life and they want to quit.

## **Programs and Resources for Students and Employees**

The University's DAAPP are designed to prevent the unlawful possession, use and distribution of unlawful drugs and alcohol abuse on campus and at university-recognized events and activities. The University takes seriously and understands its obligation to inform students and employees of available resources and support, as well as the educational, disciplinary, health, and legal consequences of abuse of alcohol and unlawful drug use in compliance with relevant federal and state law.

The University's DAAPP are intended to support student and employee health, safety and security by increasing awareness, preventing abuse, and decreasing potential drug and alcohol related crime. Currently, the University offers free annual educational workshops for employees and students regarding unlawful drug use and alcohol abuse prevention and awareness. The University also contracts with an external provider, Unum, to serve as the Employee Assistance Program (EAP). A complete description of the University's EAP can be obtained from the Office of Human Resources.

## California Law

The following summarizes some of the California state laws regarding drugs and alcohol that may be relevant to students and employees:

### *Controlled Substances*

- i. California penalties for offenses involving controlled substances include those set forth in the California Health & Safety Code § 11350:
  - a. a fine not to exceed \$70, or probation with a fine for felony convictions of at least \$1,000 for the first offense and at least \$2,000 for second or subsequent offenses or community service for unlawful possession of controlled substances. (HS § 11350)

- ii. Special sentencing provisions apply for possession of flunitrazepam, including imprisonment of three years as well as the fine schedule referenced above.

### **Biennial Program Review**

The University reviews its DAAPP on a biennial basis to determine the program's effectiveness and implement changes to the program if changes are needed to increase the program's effectiveness. Additionally, on a biennial basis, the University determines the number of drug and alcohol-related violations and fatalities that occur on campus or a part of any University activities, that are reported to the University. The University also determines the number and type of sanctions related to drug/alcohol violations and fatalities imposed on students and employees. As part of this review, the University seeks to ensure that sanctions for both employees and students are consistently enforced.

## Sexual Violence and Sexual Harassment

California Health Sciences University (“CHSU”) is committed to creating and maintaining an inclusive environment where all individuals can achieve their academic and professional aspirations free from Sex-Based Misconduct and other forms of unlawful discrimination, harassment, or related retaliation. CHSU does not discriminate in the operation of or access to the University’s programs on the basis of the following protected classes: race (including natural hairstyle or hair texture related thereto); color, national origin (including possessing a driver’s license issued under Vehicle Code § 12801.9); ethnicity or ancestry; age (40 and over); sex, gender, sexual orientation, gender identity, gender expression, transgender, sex stereotypes, sex characteristics; current, potential, or past pregnancy or related conditions; reproductive health decision-making; parental, family, or marital status; physical or mental disability, or perceived physical or mental potential disability; medical condition (including cancer-related physical or mental health impairment or history of same); citizenship; military and veteran status ; genetic characteristics; political affiliation; religious belief or practice; or any other classifications protected by applicable federal, state, or local laws and ordinances (“ Protected C lass” or “ Protected C lasses”). These protected classes include any combination of the above-stated characteristics or a perception that a person has any of the above-stated characteristics or a combination of them.

This Non-Discrimination Policy (“Policy”) prohibits the following conduct (“ Prohibited Conduct”):

1. [Harassment](#) or [Discrimination](#), including [Sex-Based Misconduct](#), against students, employees, applicants for admission, or applicants for employment based on membership in a Protected Class;
2. [Harassment](#) or [Discrimination](#), including [Sex-Based Misconduct](#), based on the perception that a person is a member of a Protected Class or is associated with a person who has, or is perceived to have, membership in a Protected Class;
3. Violations of other University policies and procedures regarding students with disabilities, pregnant students, students with pregnancy-related conditions, or students who are parenting, including policies and procedures providing reasonable accommodations/modifications;
4. Failure to provide reasonable accommodations to employees with a disability to allow employees to perform the essential job functions unless it would cause an undue hardship, in accordance with law;
5. Failure to provide reasonable accommodation and/or other measures, as appropriate, to employees who are pregnant or have pregnancy-related conditions unless it would cause an undue hardship, in accordance with law;
6. Any and all Retaliation against any person for submitting a report of violation of this Policy or for cooperating in the administration of this Policy, including participation in an investigation or adjudication process;
7. Knowingly submitting a complaint under this Policy based on false allegations;
8. Knowingly providing false information in connection with an investigation or adjudication of a complaint processed under this Policy;
9. Any Responsible Employee who fails to report allegations of Prohibited Conduct, including, but not limited to, [Sex-Based Misconduct](#);
10. Any person in a position of power or influence who intentionally deters or hinders another person from reporting allegations of Prohibited Conduct which, if true, would violate this Policy; and
11. Any other violation of this Policy.

The intent of this Policy is to provide for the University to act consistently with its legal obligations under Title IX of the Education Amendments of 1972 (“ Title IX”), Title VI and Title VII of the Civil Rights Act of 1964, the Age Discrimination in Employment Act, Uniformed Services Employment and Reemployment Rights Act of 1994 (“ USERRA”), the Equal Pay Act of 1963, the Age Discrimination Act of 1975, Title I and Title IV of the Americans with Disabilities Act (“ ADA” ) of 1990 and, as amended by ADA Amendments Act of 2008, the Immigration Reform and Control Act of 1986 (“ IRCA”), the Rehabilitation Act of 1973, the Pregnant Worker Fairness Act, and other applicable federal and state anti-discrimination laws.

CHSU recognizes that the law in these areas may change. To the extent this policy conflicts with applicable federal or state law, CHSU will act in compliance with the law. This Policy may be amended at any time at CHSU’s sole discretion to ensure compliance with applicable state or federal law, and such amendments may be applied to matters for which the grievance process has already been initiated.

The purpose of this policy is to:

1. Define [Prohibited Conduct](#);
2. Ensure members of the University community respond appropriately when incidents of Prohibited Conduct occur;
3. Provide methods of reporting Prohibited Conduct to appropriate University administrators;
4. Establish fair and equitable procedures for filing and handling complaints of Prohibited Conduct; and
5. Ensure that when Prohibited Conduct does occur, the University takes appropriate action to stop, prevent, and remedy the Prohibited Conduct;
6. Set forth grievance procedures for the handling of complaints of Sex Discrimination, including as required by federal regulations set forth in 34 Code of Federal Regulations Sections 106.8(b)-(c), 106.45.

This policy shall be reviewed periodically to determine if modifications are appropriate.

#### APPLICATION AND SCOPE; EMPLOYEE REPORTING OBLIGATIONS; CONFIDENTIAL DESIGNATIONS

##### A. Application & Scope

This policy applies to all members of the University community, including CHSU employees, students, applicants for admission or employment, third-party contractors and vendors, independent contractors, volunteers, and any third party who enters CHSU facilities. This Policy’s prohibition on Sex-Based Misconduct also applies to other individuals who are participating or attempting to participate in the recipient’s education program or activity, including former employees and former students who may report Sex - Based Misconduct. Every member of the community is responsible for complying with this Policy.

This Policy applies to Prohibited Conduct alleged to have occurred: (a) on CHSU property; (b) in connection with CHSU activities, programs, or events; (c) online or off-campus where the conduct affects the CHSU learning or working environment, would violate other University Policies had it occurred on campus, or where the University determines it has a substantial interest.

(c)

CHSU recognizes and promotes its commitment to academic freedom and freedom of speech, as described in applicable CHSU policies. However, freedom of speech and academic freedom are not limitless and do not protect speech or expressive conduct that violates federal or state anti-discrimination laws, such as Prohibited Conduct under this Policy.

CHSU also recognizes that some students are employed by the University (“Student— Employee”). Under this Policy, Student-Employees may be treated either as students, employees, or both, based on the circumstances of each situation, in compliance with the provisions set forth below.

Additionally, while this Policy comprehensively prohibits illegal harassment and discrimination, some procedures will only apply to Title IX Sexual Harassment (defined below) because different legal requirements apply in such matters. Applicable distinctions in the processing of such complaints are addressed below.

Further, there may be some instances where allegations of misconduct or admissions of misconduct which violate a different University policy – for example, the student code of conduct – arise in the course and scope of a matter being processed under this Policy. In such situations, the University may, in its sole discretion, either: (a) consolidate investigation and/or adjudication of such matters with investigation and/or adjudication procedures under this Policy; and/or (b) refer such matters for processing under other University policies during or following the resolution of resolution of the matter under this Policy.

#### Responsible Employees – Mandatory Reporting of Prohibited Conduct to the Title IX Coordinator

All employees of CHSU are mandated to report allegations of Prohibited Conduct, including Title IX Sexual Harassment, to the Title IX Coordinator unless specifically exempted from reporting obligations as a Confidential Employee/Resource, as defined below

(“Responsible Employees”).<sup>1</sup>

<sup>1</sup> CHSU includes all employees other than Confidential Resources as mandated to report Prohibited Conduct, including Sex-Based Misconduct. For purposes of ensuring compliance with Education Code section

Responsible Employees include employees who are also students when the Student- Employee receives such information in their capacity as an employee.

All Responsible Employees of the University who receive information that a possible violation of this Policy has occurred shall promptly report that information to the Title IX Coordinator. It is not sufficient for a Responsible Employee to report Prohibited Conduct to their supervisor; rather, a direct report by the Responsible Employee to the Title IX Coordinator is required to comply with this Policy. The online reporting form can be accessed at <https://chsu.edu/non-discrimination-harassment-prevention-title-ix/>.

## 2. Confidential Employees & Confidential Resources

Responsible Employees do not include any of the following who are Confidential Employees /Resources:

1. A Confidential Employee is an employee of the University who is a therapist, physician, psychotherapist, sexual assault counselor, or domestic violence counselor, as defined in the California Evidence Code, only when the employee is acting in the course and scope of their licensure.<sup>2</sup>
2. A Confidential Employee is also an employee of the University who is acting in a professional capacity for which confidentiality is mandated by federal or California state law.
3. A Confidential Resource is an employee or a non-employee who provides mental health counseling, acts in a professional capacity, or otherwise works pursuant to a professional license requiring confidentiality while working on campus within the scope of such role.

Confidential Employees and Confidential Resources are exempt from reporting Prohibited Conduct when working in the course and scope of their licensure and/or position. However, Confidential Employees and Confidential Resources still have requirements to provide information to anyone who informs the Confidential Employee/Resource of conduct that reasonably may constitute Sexual Harassment under Title IX or its implementing regulations. Specifically, Confidential Employees/Resources must inform any such person of their ability to report to a Responsible Employee and how to do so. When Confidential Employees/Resources are not working in the course and scope of their licensure, and they learn about allegations of Prohibited Conduct, they are Responsible Employees and, as such, are required to report the alleged Prohibited Conduct.

This exemption for Confidential Employees/Resources from reporting Prohibited Conduct under this Policy does not extend to other areas of mandated reporting obligations under federal, state, or local laws, such as Tarasoff Warnings (i.e., Duty to Protect rule), the California Child Abuse and Neglect Reporting Act (CANRA), or Clery Act reporting requirements as a Campus Security Authority.

### A. Approvals; Effective Date; Record Keeping

### B.

This Policy has been approved by the Office of the President. It supersedes all other University policies regarding Prohibited Conduct. The Title IX, Diversity and Equity Coordinator, is responsible for the administration of this Policy.

In cases of Title IX Sexual Harassment, the University shall maintain the following records for a period of at least seven (7) years: records of each sexual harassment investigation including any determination regarding responsibility and any audio or audiovisual recording or transcript required under 34 CFR section 106.45b(6)(1); any appeal and the result therefrom; any informal resolution and the result therefrom; all materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, which shall be made available upon request for inspection by members of the public.

All other records shall be maintained in accordance with California state or federal law and the University's record-keeping policy(ies) and procedure(s), if applicable. For example, records relating to employee complaints other than complaints of Title IX Sexual Harassment shall be kept for the duration prescribed by the Fair Employment and Housing Act (at the time of publishing, four years).

### 3. ESTABLISHMENT OF THE OFFICE OF THE TITLE IX COORDINATOR

The President of the University shall designate and authorize an administrator to serve as CHSU's Title IX, Equity, and Diversity Coordinator ("Title IX Coordinator") who has the training, experience, and resources necessary to perform the following duties:

- A. Coordinate the University's compliance with Title IX of the Education Amendments of 1972 and other California state and federal laws applicable to Sex-Based Misconduct, including with respect to issuance of notification of this Policy to members of the campus community, the conduct of investigations, preparation of required reports, and effective implementation of supportive measures and Corrective
- B. Measures.
- C. Developing and maintaining the University's Title IX webpages which provide information regarding Title IX compliance, including methods for reporting Sex-Based Misconduct, applicable grievance processes, and options regarding supportive measures whether or not a Formal Complaint of Title IX Sexual Harassment is filed.
- D. Ensure that the University is providing mandatory Sex-Based Misconduct prevention education and training programs to all members of the University campus, including as follows:
  - 1. In accordance with applicable state and federal law, provide training to all students, faculty, other academic appointees, administrators, and non-academic staff regarding how Sex- Based Misconduct can be reported.
  - 2. Provide annual training for University employees who are responsible for reporting Sex- Based Misconduct, including Title IX Sexual Harassment.
  - 3. Provide annual training for University employees who are Confidential Resources, facilitators of informal resolution processes, investigators, Hearing Advisors, hearing officers and other decision-makers, appeal adjudicators, University officials with authority to institute corrective measures and others involved with a grievance process for complaints of Sex-Based misconduct regarding their roles and responsibilities with respect to Title IX compliance. This includes, but is not necessarily limited to, training regarding the following matters, as appropriate to the employee's role: technology to be used at a live hearing, issues of relevance of questions and evidence, and the rules applicable to questions and evidence regarding sexual predisposition or prior sexual behavior. Additionally, this annual training will also include topics related to dating violence, domestic violence, sexual assault, and stalking. Such training will also cover how to conduct an investigation and hearing process where there are allegations of dating violence, domestic violence, sexual assault and stalking, that protects the safety of both the Complainant and Respondent and promotes accountability for all Parties. Any materials used to train Title IX Coordinators, investigators, decision-makers,

appeal adjudicator, and any person who facilitates an informal resolution process for a Formal Title IX Complaint of Sexual Harassment, must not rely on sex stereotypes and must promote impartial investigations and adjudications of Formal Title IX Sexual Harassment Complaints of sexual harassment. Additionally, training with a trauma-informed perspective is required for any CHSU employee responsible for any part of an investigation, informal resolution, or grievance process for complaints of Sex-Based Misconduct.

4. Offer primary prevention programs and awareness campaigns to the University community to promote ongoing awareness of Sex-Based Misconduct, including preventing dating violence, domestic violence, sexual assault, and stalking. These campaigns may include but are not limited to: education about the definition of consent, consensual relationships, options for bystander intervention, trauma-informed approaches, and risk reduction awareness information. These programs are to promote behaviors that foster healthy and respectful relationships while also encouraging a safe environment for bystanders to intervene in a potential case of dating violence, domestic violence, sexual assault, or stalking.

- B. Provide educational materials to promote compliance with the Policy and familiarity with reporting procedures, and post on the CHSU's website the names and contact information of the Title IX Coordinator and other information regarding preventing and reporting Sex-Based Misconduct, including Title IX Sexual Harassment, and compliance with this policy.
- C. Provide prompt and equitable response to reports of Sex-Based Misconduct, including authorizing and ensuring effective implementation of Supportive Measures and Title IX Supportive Measures for complainants and respondents, determining whether to file a Formal Title IX Sexual Harassment Complaint on behalf of the University, overseeing implementation of the University's Sex-Based Misconduct grievance processes, and effectively implementing Corrective Measures in cases of Sex-Based Misconduct.
- D. Maintain records of reports of Sex-Based Misconduct, including Title IX Sexual Harassment including: investigation records, any determination regarding responsibility, any audio or audiovisual recording or transcript related to the grievance process, any supportive measures implemented, any preventative or corrective measures imposed on the respondent, any remedies provided to the complainant, any appeal and result of such appeal, any informal resolution process and result from such process, all training materials used to train Title IX Coordinator, investigators, decision-makers, and any person who facilitates an informal resolution process, for seven (7) years and in accordance with University records management policies.
- E. Identify and address any patterns or systemic problems that arise during the review of reports of Title IX Sexual Harassment.
- F. Ensure procedures are in place to provide support for both complainants and respondents during the University's process for responding to allegations of Sex-Based Misconduct, including Title IX Sexual Harassment.
- I. Shall decide whether a hearing is necessary to determine whether any sexual harassment more likely than not occurred. In making this decision, the Title IX Coordinator may consider whether the parties elected to participate in the investigation and whether each party had the opportunity to suggest questions to be asked of the other party or witnesses, or both, during the investigation, consistent with all applicable law.

#### 4. APPLICABLE DEFINITIONS

The definitions applicable to this Policy are set forth below. Under federal regulation the definitions applicable in cases of Title IX Sexual Harassment are different from the definitions applicable to other types of Prohibited Conduct as a matter of law. Accordingly, set forth below are three sections of definitions:

- A. Definitions Applicable in all Matters of Prohibited Conduct Covered by this Policy;
- B. Definitions Applicable in Matters of Prohibited Conduct Other than Title IX Sexual Harassment;
- C. Definitions Applicable Only in Cases of Title IX Sexual Harassment.

These sections are set forth below.

##### A. Definitions Applicable in all Matters of Prohibited Conduct Covered by this Policy

1. Preponderance of Evidence: A standard of proof that requires that a fact be found when its occurrence, based on evidence, is more likely than not to be true. This shall be the standard of proof applicable to all fact-finding under this Policy.
2. Relevancy of Evidence: Throughout this Policy, references are made to relevant evidence, both in the investigation phase or adjudication phase of a matter. Relevant evidence means evidence that has any tendency in reason to prove or disprove a disputed fact, including both inculpatory and exculpatory evidence, which may aid a decision-maker in determining whether Prohibited Conduct occurred under the Preponderance of the Evidence Standard, except evidence that is otherwise excluded under this Policy. Relevant evidence includes evidence regarding the Credibility of a party or witness.
3. Party: A Complainant or Respondent.
4. Sex-Based Misconduct: Sex-Based Misconduct under this Policy is a term broadly used to encompass all forms of discrimination or harassment that are illegal under federal or California state law based on: sex, gender, sexual orientation, gender identity, transgender status, gender expression, sex stereotypes, sex characteristic; current, potential, or past pregnancy or related conditions ; reproductive health decision-making; and parental, family, or marital status. Sex- Based Misconduct includes, but is not necessarily limited to, the following:
  - a. Sexual Harassment prohibited by California law, including the California Fair Employment & Housing Act (“ FEHA”) and 2 CCR sections 11019 and 11034, which includes unwelcome sexual advances, requests for sexual favors, and other visual, verbal, or physical conduct in the following instances : 3
    - i. Quid Pro Quo: an applicant for employment or an employee’s submission to sexual advances or other conduct based on sex is an

- explicit or implicit condition of a job or other term of employment, such as promotion; and
- ii. Unwelcome comments or conduct based on sex that are both subjectively and objectively offensive and which unreasonably interfere with an employee's work performance or create an intimidating, hostile, or offensive work environment. Such comments or conduct must be either severe or pervasive such that it alters the conditions of employment and creates an abusive working environment.
- b. Sexual Harassment as defined by the California Education Code, which includes, but is not necessarily limited to:
  - i. Unwelcome sexual advances, requests for sexual favors, and other verbal, visual, and physical conduct of a sexual nature or based on sex made by someone from or in the work or educational setting under any of the following conditions: (1) Submission to the conduct is explicitly or implicitly made a term or condition of an individual's employment, academic status, or progress; (2) Submission to, or rejection of, the conduct by the individual is used as the basis of employment or academic decisions affecting the individual; (3) The conduct has the purpose or effect of having a negative impact on the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and (4) Submission, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the educational institution.
  - ii. Sexual Violence, which means physical, sexual acts (whether completed or attempted) perpetrated against a person without the person's affirmative consent, including Rape<sup>4</sup> and Sexual Battery;<sup>5</sup>
  - iii. Sexual Exploitation (whether completed or attempted).<sup>6</sup>
- c. Sexual Harassment prohibited under Title VII of the Civil Rights Act of 1964 and 29 CFR Section 1604.11, which includes unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:
  - i. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;
  - ii. Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or
  - iii. Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive work environment.
- d. Title IX Sexual Harassment, as defined herein, and other conduct which violates Title IX of the Education Amendments of 1972.

5. Consent to Sexual Activity: Consent is affirmative, conscious, voluntary, and revocable. Consent to sexual activity requires, of all persons involved, an affirmative, conscious, and voluntary agreement to engage in sexual activity. It is the responsibility of each person involved to ensure they have the affirmative consent of the other or others to engage in the sexual activity. Lack of protest, lack of resistance, or silence does not alone constitute consent. Affirmative consent must be ongoing and can be revoked at any time during sexual activity, even after penetration occurs. If confusion or ambiguity arises as to the willingness of the other individual to proceed, then consent should be re-obtained. The existence of a dating relationship or past sexual relations between the persons involved should never by itself be assumed to be an indicator of consent (nor will subsequent sexual relations or a dating relationship alone suffice as evidence of consent to prior conduct). The following provisions apply to the definition of consent:
1. Incapacitation: Incapacitation is a state beyond drunkenness or intoxication. A person is not necessarily incapacitated merely as a result of drinking, using drugs, or taking medication.
  2. The Respondent's belief that the Complainant consented will not provide a valid defense unless the belief is reasonable. In making this determination, the fact finder will consider all the facts and circumstances the Respondent knew or reasonably should have known at the time. In particular, the Respondent's belief is not a valid defense where:
    - i. The Respondent's belief arose from the Respondent's own intoxication or recklessness;
    - ii. The Respondent did not take reasonable steps, in the circumstances known to the Respondent at the time, to ascertain whether the alleged victim affirmatively consented; or
    - iii. The Respondent knew or reasonably should have known that the Complainant was unable to consent because the Complainant was incapacitated, in that the Complainant was: asleep or unconscious; unable to understand the fact, nature, or extent of the sexual activity due to the influence of drugs, alcohol, or medication; unable to communicate due to a mental or physical condition. Anyone engaging in sexual activity should be aware of the other person's level of intoxication.
6. Credibility: The credibility of complainants, alleged victims, respondents and witnesses must be evaluated when there are conflicting versions of relevant events related to a matter under investigation required by this Policy. Credibility means whether or not a particular version of events should be believed. In assessing credibility of any person, factors to consider include, but are not necessarily limited to: inherent plausibility of the person's statement; their demeanor and attitude toward the matter; whether they have motivation to inaccurately state facts; whether or not other persons or evidence

corroborate their version of events (such as an eye witness or someone who discussed the events with the person around the time the events took place); the character of the testimony; the extent of the person's capacity to perceive, remember or communicate regarding the matter; consistent or inconsistent statements made by the same person; admissions of untruthfulness. No one (1) factor is necessarily determinative of credibility. The mere fact that there was no eyewitness to an alleged event does not mean a person is not credible, and similarly, whether a respondent had previously engaged in similar misconduct does not mean the respondent is not credible as to the current matter being investigated. Credibility determinations shall not be based on a person's status as a Complainant, Respondent, or witness.

7. Corrective Measures: Disciplinary Sanctions , Remedies, or other measures, services, accommodations, or corrective actions put in place as a result of the final resolution of a complaint of conduct prohibited by this Policy. Possible Corrective Measures imposed under this Policy include:
  - a. Participation in a voluntary, facilitated restorative process;
  - b. A written or verbal apology;
  - c. A written or verbal warning, letter of reprimand, performance improvement plan, or other document outlining expectations for future behavior and related consequences;
  - d. Training or other educational requirements, such as an assigned reading, a research or reflective paper, attendance at an educational seminar or program, or similar activity;
  - e. Assistance from or check-ins with campus safety or security personnel;
  - f. Mandatory or voluntary counseling;
  - g. Mentorship, accountability meetings , or coaching assignments;
  - h. Community service or other volunteer activities;
  - i. Modifications to job position or work assignments (such as a transfer or modification of job duties), or delivery of curriculum or course requirements, such as independent study, adjusted deadlines , or remote learning;
  - j. Disciplinary probation, which may include monitoring of progress, review of behavior, limitations on campus privileges, or other restrictions on participation in University events, extra-curricular, or co-curricular activities over a set period of time;
  - k. Prohibition from utilizing certain campus facilities;
  - l. No-contact directives;
  - m. Drug testing and/or drug and alcohol counseling programs ;
  - n. Temporary or permanent exclusion from attending University

events or activities, including extra-curricular or co-curricular activities;

- o. Suspension from employment or participation in an academic program, extra-curricular, or co-curricular activities;
- p. Dismissal from the University's academic programs
- q. Termination of employment;
- r. Other actions that seek to make a victim whole or which seek to prevent a recurrence of Prohibited Conduct, such as a written or verbal apology or participation in a post-grievance process mediation.

**B. Definitions Applicable in Matters of Prohibited Conduct Other than Title IX Sexual Harassment:**

- 1. Discrimination: Discrimination means excluding from participation, denying the benefits of, or otherwise subjecting an individual or group of individuals to different treatment based on a Protected Class. For example, unlawful discrimination may consist of a decision, policy, or practice.
- 2. Harassment: Harassment is unwelcome verbal, visual, or physical conduct based on a Protected Class which creates an intimidating, offensive, or hostile work or educational environment that interferes with a person's work or educational performance or creates an environment such that a reasonable person would find the conduct intimidating, hostile or offensive. Harassment can be verbal (including slurs, jokes, insults, epithets, gestures, or teasing), visual (including offensive posters, symbols, cartoons, drawings, computer displays, or emails), or physical conduct (including physically threatening another, blocking someone's way, etc.) that denigrates or shows hostility or aversion towards an individual based on a Protected Class.
- 3. Complaint: A report of Prohibited Conduct prohibited by this Policy. A "formal" or written report or complaint is not required.
- 4. Complainant: A Complainant is any person who reports alleged Prohibited Conduct or an alleged victim of Prohibited Conduct, regardless of whether the alleged victim makes the report.
- 5. Respondent: A Respondent is a person alleged to have engaged in Prohibited Conduct.

6. Sex: Under this Policy, except as otherwise provided, the term “ Sex” includes sex; gender; sexual orientation; gender identity; <sup>7</sup>transgender status ; gender expression; sex stereotypes; sex characteristics ; current, potential, or past pregnancy or related conditions ; reproductive health decision making; parental, family, or marital s tatus . Additionally, the following sub-definitions are as follows:
  - a. Pregnancy or related conditions : pregnancy, childbirth, termination or loss of pregnancy, lactation, breastfeeding; medical conditions related to pregnancy, childbirth, termination or loss of pregnancy, lactation, or breastfeeding; or recovery from pregnancy, childbirth, termination or loss of pregnancy, or related medical conditions. This includes but is not necessarily limited to, pregnancy- related fatigue, dehydration, nausea, increased body temperature, anemia, gestational diabetes, preeclampsia, infertility, recovery from miscarriage or abortion, ectopic pregnancy, pre-natal or post-partum depression, or swelling/leaking of the breast tissue or mastitis.
  - b. Reproductive health decision-making: includes, but is not limited to, a decision to use or access a particular drug, device, product, or medical service for reproductive health.
  - c. Parental status: refers to a person who, with respect to another person who is either under the age of 18 or over the age of 18 but incapable of self-care due to a physical or mental disability, is : a biological parent, an adoptive parent, a foster parent, a stepparent, a legal custodian or guardian, in loco parentis with respect to such a person, or actively seeking legal custody, guardianship, visitation, or adoption of such a person.
7. Retaliation: Retaliation is an adverse action against a person based on: their report of alleged Prohibited Conduct, including Title IX Sexual Harassment, to a University employee or the Title IX Coordinator; making a complaint of Prohibited Conduct, including Title IX Sexual Harassment; their participation, or refusal to participate, in an informal resolution or grievance process under this Policy or otherwise testifying, assisting with an informal resolution or grievance process under this Policy; their cooperation with a University investigation; their receipt or implementation of Supportive Measures or Corrective Measures under this Policy; or for the purpose of interfering with any right or privilege secured by Title IX and its implementing regulations . An adverse action is conduct that would discourage or prevent a reasonable person from reporting Prohibited Conduct or participating in a process provided for in this Policy. Adverse action includes, but is not necessarily limited to: intimidation, threats, coercion, or discrimination against any person by the University, a student, or an employee or other person authorized by the University to provide aid, benefit, or service under the University’s education program or activity.  
Retaliation includes peer retaliation (i.e., a student retaliating against another student). Retaliation does not include good faith actions lawfully pursued in response to a report of Prohibited Conduct.

C. Definitions Applicable Only in Cases of Title IX Sexual Harassment:

1. Formal Title IX Sexual Harassment Complaint: A document filed by a Title IX Sexual Harassment Complainant or signed by the Title IX Coordinator alleging Title IX Sexual Harassment against a Title IX Sexual Harassment Respondent and requesting that the University investigate the allegation. A parent or guardian of a Title IX Sexual Harassment Complainant who is an unemancipated minor may also file a Formal Title IX Sexual Harassment Complaint on behalf of their child or ward. References to “Formal Title IX Sexual Harassment Complaint” throughout this Policy refer to Formal Title IX Sexual Harassment Complaint.
2. Title IX Sexual Harassment Complainant: An individual who is alleged to be the victim of conduct that could constitute Title IX Sexual Harassment irrespective of whether a Formal Title IX Sexual Harassment Complaint has been filed.
3. Title IX Sexual Harassment Respondent: An Individual who has been reported to be the perpetrator of conduct that could constitute Title IX Sexual Harassment. Any individual may be a respondent, whether such individual is a student, faculty member, administrator, or other employee of the University or other person with or without any affiliation to the University.
4. Officials with Authority – Actual Knowledge: For purposes of determining actual knowledge of Title IX Sexual Harassment the following positions have authority at CHSU to institute Corrective Measures for Title IX Sexual Harassment: (i) the President, (ii) the Provost, (iii) all Deans of colleges within the University, (iv) all Assistant/Associate Student Affairs Deans of colleges within the University; (v) the Title IX Coordinator; and (vi) all employees who serve as either hearing officers, hearing panel members, decision- makers, or appeal adjudicators in cases of Title IX Sexual Harassment when serving in that role. In all cases, Corrective Measures must be imposed in compliance with the Grievance Process for Complaints of Title IX Sexual Harassment.
5. Title IX Sexual Harassment Informal Resolution: An informal resolution of Title IX Sexual Harassment which may encompass a broad range of conflict resolution strategies, including mediation or restorative justice.
6. Title IX Sexual Harassment: Sexual harassment for purposes of Title IX means conduct on the basis of sex that satisfies one or more of the following: (i) an employee of the University conditioning the provision of an aid, benefit, or service of the University on an individual’s participation in unwelcome sexual conduct; (ii) unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the University’s education program or activity; or (iii) Sexual Assault, Dating Violence, Domestic Violence, or Stalking. The following definitions further define Title IX Sexual Harassment:
  - a. Sexual Assault: The term Sexual Assault means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation, including, but not necessarily limited to, fondling, rape, and statutory rape.

- b. Dating Violence: The term Dating Violence means violence committed by a person (A) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (B) where the existence of such a relationship shall be determined based on a consideration of the following factors: (i) The length of the relationship; (ii) The type of relationship; (iii) The frequency of interaction between the persons involved in the relationship.
- c. Domestic Violence: The term Domestic Violence includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.
- d. Stalking: Stalking means engaging in a course of conduct directed at a specific person that would cause a reasonable person to: (A) Fear for his or her safety or the safety of others; or (B) Suffer substantial emotional distress.

8. Sex: For cases of Title IX Sexual Harassment, "sex" will be interpreted in accordance with applicable federal law and/or related guidance from the United State Department of Education.

## 5. REPORTING TO POLICE FOR CRIMINAL CONDUCT; EFFECT OF CRIMINAL CHARGES OR CRIMINAL INVESTIGATION

In an emergency situation, CHSU community members should call 9-1-1. CHSU encourages all members of its community who believe they are the victim of criminal behavior (including, but not limited to, criminal sexual violence) to report the conduct to the police even if significant time has passed since the incident. All members of the

CHSU community may seek assistance in reporting a crime of sexual violence to law enforcement by contacting the Title IX Coordinator.

Complainants under this policy also may choose not to notify law enforcement. Regardless of whether a Complainant chooses to make a report to law enforcement, the Complainant may still file a complaint with the University and may still receive Supportive Measures, as set forth in this Policy. Additionally, regardless of whether the alleged misconduct rises to the level of a criminal offense, CHSU encourages all community members to report alleged discrimination, harassment, retaliation, or sexual violence to CHSU.

In some cases, University personnel, including the Title IX Coordinator, may be required by law to make a report of criminal conduct to law enforcement. Pursuant to California law (AB 1433 – Reporting of Sexual and Hate Violence, 2014), while the reporting disclosure of an act of violence may be mandated, a victim's identity may not be disclosed to local law enforcement unless the victim consents to being identified after being informed of the victim's right to have identifying information withheld. If a victim does not consent to disclosing the victim's identity, the alleged perpetrator's identity may not be disclosed either.

The procedures outlined in this Policy are separate from any criminal process or investigation. Because the requirements and standards for finding a violation of criminal law are different from the standard under this Policy, criminal investigations , reports, or verdicts may be different from the outcomes under this Policy. The University may share information and coordinate investigation efforts with law enforcement when necessary or appropriate. A delay resulting from such coordination is good cause for extending the timelines to complete the University's grievance process. Any such delay will be communicated and documented to the Parties .

State, federal, and local government agencies are responsible for criminal prosecution. The University has no authority or responsibility for the criminal prosecution of any matter, even if the University helps someone file a report of criminal conduct or receives a report of a complaint under this policy that may rise to the level of criminal conduct.

## 6. REPORTING PROHIBITED CONDUCT TO THE UNIVERSITY; AMNESTY FOR STUDENT COMPLAINANTS AND WITNESSES

CHSU is committed to enforcing this Policy. The effectiveness of the University's efforts depends in part on employees and students telling the University about inappropriate conduct. Employees and students should not assume that CHSU has knowledge of any form of illegal discrimination, harassment, or retaliation, including Sex Discrimination. If employees or students do not report harassing or discriminatory conduct, CHSU may not become aware of a possible violation of this Policy and may not be able to take appropriate action. Any Responsible Employee who believes that this Policy has been violated is mandated to report those concerns to the Title IX Coordinator directly.

Any person can report Prohibited Conduct at any time (including during non-business hours), either verbally or in writing, in person, by mail, by telephone, email, or by any other means as follows:

1. Report to the Title IX Coordinator. As of the effective date of this policy, the University's Title IX Coordinator is Ms. Carlita Romero-Begley, PHR, SHRM- CP, Vice President of Human Resources and Title IX Coordinator, and may be contacted by phone at 559-282- 8747 (direct line), via email at [cromerobegley@chsu.edu](mailto:cromerobegley@chsu.edu) or [titleix@chsu.edu](mailto:titleix@chsu.edu) or in person at 120 N. Clovis Avenue, Clovis, CA 93612 (at the time of publication in Room Number 137). The CHSU website will be kept updated with any changes to the Title IX Coordinator's name and contact information.
2. Report to Another Responsible Employee. They can report verbally, via phone or email to any Responsible Employee, such as to the Dean or the student affairs staff of any of the University's colleges, or the Office of the President. Any person or office that receives a report (except for Confidential Employees/Resources) must forward it to the Title IX Coordinator. If the person to whom a report normally would be made is the person accused of Prohibited Conduct, reports may be made to another Responsible Employee or the Title IX Coordinator. If the person accused of Prohibited Conduct is the Title IX Coordinator, the report may be made to the President.
3. Online Through the University Website. A report can be made by submitting the online form, either with a name or anonymously. The online form is located on CHSU's website at <https://chsu.edu/non-discrimination-harassment-prevention-title-ix>. Forms submitted online will be delivered to the Title IX Coordinator.

While there is no time limit for submitting reports of Prohibited Conduct, such reports should be brought forward as soon as possible. Prompt reporting will better enable CHSU to respond, investigate, provide an appropriate remedy, and impose Corrective Measures, if appropriate. All incidents should be reported even if significant time has elapsed.

CHSU prefers the Complaint be made in writing and specifically identify the person(s) involved, names of witnesses, and what occurred. However, if a Complaint is not filed in writing but CHSU receives notice of any allegation(s) of Prohibited Conduct, CHSU shall take steps to address the allegation(s) in a manner appropriate to the circumstances.

The University will keep reports of Prohibited Conduct as confidential as possible but may be required to disclose information to comply with law or the University's policies and procedures, including (but not limited to) for the purposes of investigating and/or resolving the complaint.

The University encourages reporting of Prohibited Conduct. It is in the best interest of the CHSU community that individuals come forward to make reports of Prohibited Conduct, regardless of whether they have engaged in conduct in violation of University policy, such as using drugs or alcohol at or near the time of the incident. To encourage reporting in these types of situations, the University will not subject a Complainant or witness of Prohibited Conduct who is a student or a student-employee to Corrective Measures for a violation of the University's code of conduct or other University policy (i.e., the University will grant the student or student-employee amnesty) unless the University determines that the violation was egregious. Egregious violations include acts that: (1) place the health or safety of themselves or others at risk; or (2) involves plagiarism, cheating or academic dishonesty. Student-employees may still be subject to Corrective Measures as employees of CHSU for acts which put CHSU at significant risk of litigation or damage to reputation. The University reserves the right to require individuals who are granted amnesty under this Section to participate in assessments, training, counseling, or educational programs, including (but limited to) on topics such as health and safety, professionalism, or harassment/ discrimination prevention.

The University will not pursue action against a person for a code of conduct violation that does not involve sex discrimination or sexual harassment but arises out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or Formal Title IX Sexual Harassment Complaint for the purpose of interfering with any right or privilege secured by Title IX or its implementing regulations.

#### 7. TITLE IX COORDINATOR RESPONSE TO COMPLAINTS OF PROHIBITED SEX-BASED CONDUCT (COMPLIANCE WITH CALIFORNIA EDUCATION CODE SECTION 66281.8)

The Title IX Coordinator will process complaints of sexual harassment, sexual violence, or other Sex-Based Misconduct in accordance with this Section. This section only applies to the Title IX Coordinator's processing of complaints; it does not apply to Responsible Employees making a mandatory report of alleged misconduct under this Policy. Nothing in this section shall relieve a Responsible Employee from reporting obligations described in other sections of this policy.

Any disciplinary measures imposed by the University for violations of the University's policies at or near the time of the incident being investigated shall be consistent with paragraph of subdivision (b) of California Education Code section 67386.

The University will take reasonable steps to respond to each incident of sexual harassment involving individuals subject to the University's policies that occur in connection with any educational activity or other program of the University, as well as incidents that occurred on or off campus, if, based on the allegations, there is any reason to believe that the incident could contribute to a hostile educational environment or otherwise interfere with a student's access to education.

Regardless of how the information was received, if the University knows, or reasonably should know, about the possible sexual harassment involving individuals subject to the University's policies at the time, the University shall promptly investigate under the procedures set forth under Grievance Process 1, to determine whether the alleged conduct more likely than not occurred, or otherwise respond if the University determines that an investigation is not required. If the University determines that the alleged conduct more likely than not occurred, it shall immediately take reasonable steps to end the harassment, address the hostile environment, if one has been created, prevent its recurrence, and address its effects. The University is presumed to know of sexual harassment if a Responsible Employee knew, or, in the exercise of reasonable care, should have known, about the sexual harassment.

#### A. Responding to Prior Incidents of Sexual Harassment and Sex-Based Misconduct

The University shall consider and respond to requests for accommodations relating to prior incidents of sexual harassment that could contribute to a hostile educational environment or otherwise interfere with a student's access to education where both individuals are, at the time of the request, subject to the institution's policies.

In some cases, students may disclose incidents of sexual harassment or other Sex-Based Misconduct in the course of their academic program. Responsible Employees, and Confidential Resources acting outside the scope of their licensure (for example, physicians who are performing faculty member duties), are still required to report these disclosures to the University's Title IX Coordinator. In such cases, investigation or adjudication of the alleged misconduct may not be required or possible; however, the University may provide the student with supportive measures and resources appropriate to the situation and consistent with the University's obligation to prevent a hostile educational environment or interference with the student's access to education.

#### B. Responding To Students' Requests for Confidentiality

<sup>8</sup> The University may rebut this presumption of knowledge if it shows all of the following: (1) The University provides training and requires all nonconfidential responsible employees to report sexual harassment; (2) Each nonconfidential responsible employee with actual or constructive knowledge of the conduct in question was provided training and direction to report sexual harassment; (3) Each nonconfidential responsible employee with actual or constructive knowledge of the conduct in question failed to report it.

If a student who is not an employee of the University is a Complainant and requests confidentiality, which could preclude a meaningful investigation or potential discipline of the potential Respondent, or that no investigation or disciplinary action be pursued to address alleged sexual harassment, the University shall take the request seriously, while at the same time considering its responsibility to provide a safe and nondiscriminatory environment for all students, including for the Complainant, and considering other requirements of law and University policy. In determining whether to disclose a Complainant's identity or proceed to an investigation over the objection of the Complainant, the University may consider whether any of the following apply:

1. There are multiple or prior reports of sexual misconduct against the Respondent;
2. The Respondent reportedly used a weapon, physical restraints, or engaged in battery;
3. The Respondent is a faculty or staff member, or other person, with oversight of students;
4. There is a power imbalance between the Complainant and Respondent;
5. The Complainant believes that the Complainant will be less safe if Complainant's name is disclosed or an investigation is conducted;
6. The University is able to conduct a thorough investigation and obtain relevant evidence in the
7. absence of the Complainant's cooperation;
8. Other basis for taking action to preserve campus safety or the safety of the Complainant or others.

If the University determines that it can honor the student's request for confidentiality, it shall still take reasonable steps to respond to the complaint, consistent with the request, to limit the effects of the alleged sexual harassment and prevent its recurrence without initiating formal action against the alleged perpetrator or revealing the identity of the Complainant. These steps may include increased monitoring, supervision, or security at locations or activities where the alleged misconduct occurred; providing additional training and education materials for students and employees; or conducting climate surveys regarding sexual violence. The University shall also take immediate steps to provide for the safety of the Complainant while keeping the Complainant's identity confidential as appropriate. These steps may include changing living arrangements or course schedules, assignments, or tests. The Complainant shall be notified that the steps the University will take to respond to the complaint will be limited by the request for confidentiality.

If the University determines that it must disclose the Complainant's identity to the Respondent or proceed with an investigation, it shall inform the Complainant prior to making this disclosure or initiating the investigation. The institution shall also take immediate steps to provide for the safety of the Complainant where appropriate. In the event the Complainant requests that the University inform the Respondent that the student asked the University not to investigate or seek discipline, the University shall honor this request.

Notwithstanding the above, all Responsible Employees are required to report allegations of sexual harassment as set forth in [Section II](#). The determinations set forth in this [Section VII](#) regarding whether to initiate an investigation or not shall be the responsibility of the Title IX Coordinator (or designee), and not left to the discretion of any other Responsible Employee.

## 5. UNIVERSITY GRIEVANCE PROCESSES; INITIAL REVIEW OF REPORT OF PROHIBITED CONDUCT; CONSOLIDATION

The University has two (2) separate grievance processes for handling reports of Prohibited Conduct under this Policy:

1. [Grievance Process One \(1\)](#): This grievance procedure, set forth in Section X of this Policy, is utilized for all Complaints of Prohibited Conduct except for those involving Formal Title IX Sexual Harassment Complaints, which are not otherwise processed via Informal Resolution procedures.
2. [Grievance Process Two \(2\)](#): This grievance procedure, set forth in Section XI of this Policy, is utilized for all Formal Title IX Sexual Harassment Complaints.

Upon receipt of a report of Prohibited Conduct, the Title IX Coordinator shall conduct an initial review of the report and determine whether the alleged conduct, if true, violates this Policy. If so, the Title IX Coordinator shall then determine whether the alleged conduct, if true, would constitute Title IX Sexual Harassment under this Policy and, if so, process the matter under either the University's informal resolution procedures (if applicable) or Grievance Process 2, as set forth above.

The Title IX Coordinator may, but is not required to, consolidate reports of Prohibited Conduct for processing under this Policy. In instances where a report of Prohibited Conduct involves Title IX Sexual Harassment and alleged misconduct other than Title IX Sexual Harassment (for example, race-based misconduct, disability-based misconduct, or retaliation), the Title IX Coordinator may either: (a) choose to process allegations separately under the appropriate grievance procedure for each type of allegation; or (b) choose to consolidate the matter and process it under Grievance Process 2. The decision whether to process allegations of Prohibited Conduct separately or consolidate them is at the sole discretion of the University.

During the course of processing a report of Sex-Based Misconduct, it is possible that the alleged conduct may become a Formal Title IX Sexual Harassment Complaint after initiation of Grievance Process 1. In that case, the Title IX Coordinator shall move the matter into Grievance Process 2. It is also possible that a Formal Title IX Sexual Harassment Complaint may be dismissed during Grievance Process 2, including, but not limited to situations where it is determined that the alleged conduct no longer meets the definition of Title IX Sexual Harassment. In that case, the Title IX Coordinator shall move the matter into Grievance Process 1, as appropriate.

Under any of the above grievance procedures, the investigation and adjudication of alleged Prohibited Conduct is not an adversarial process or a formal legal process between the Complainant, the Respondent, and the witnesses, but rather an internal administrative process for the University to comply with their obligations under existing law. The Complainant does not have the burden to prove, nor does the Respondent have the burden to disprove, the underlying allegation or allegations of misconduct.

Additionally, the University may require the Parties, Support Persons, Advisors, witnesses, third-party professionals, or others involved in the grievance process to execute non-disclosure agreements, FERPA waivers, or similar documents under either Grievance Process 1, Grievance Process 2, or Informal Resolution procedures.

In all cases, the availability of Informal Resolution procedures is governed by Section IX of this Policy, below.

## 8. INFORMAL RESOLUTION OF COMPLAINTS INVOLVING STUDENT RESPONDENTS

Prior to the initiation of the appropriate grievance process or at any time prior to conclusion of a grievance process, a report of Prohibited Conduct (including Title IX Sexual Harassment) may be resolved by an informal resolution process under the following circumstances:

1. Title IX Coordinator chooses to offer an informal resolution process;
2. In matters of Title IX Sexual Harassment, a Formal Title IX Sexual Harassment Complaint has been filed, or a Formal Title IX Sexual Harassment Complaint has been filed and then dismissed;
3. The Respondent is a student, who is not also an employee, and the student is willing to accept the Corrective Measures resulting from the informal process;
4. All parties have received a written notice (“ Notice of Informal Resolution Procedures”) which includes the following: (a) the allegations ; (b) the requirements of the informal process; (c) explains that during the informal process either party has a right to withdraw and resume the applicable grievance process; and (d)) explains any consequences resulting from participating in the informal process including what records will be maintained or s hared from the informal process for use in a grievance process under this Policy.
5. The parties wish to resolve the matter without completion of an investigation or adjudication, and/or where the Respondent desires to admit responsibility for the alleged Prohibited Conduct;
6. The Complainant and Respondent both voluntarily provide written cons ent9 to participate in the informal process (“ Participation Agreement”); and
7. An informal resolution process is not otherwise prohibited by federal, California, or local law.

Generally speaking, an informal resolution process s hall take place within thirty (30) business days following the Complainant and Respondent’s execution of a Participation Agreement. This timeline may be extended for good cause. Even if an informal resolution process is utilized to resolve an allegation of Sex Discrimination, the Title IX Coordinator must still take prompt and effective steps to ensure that Sex Discrimination does not continue or recur within the University's education program or activity.

The Title IX Coordinator has authority to: (1) require the University to be included as a party to an informal process; and/or (2) terminate the informal process at any time prior to its completion and re-initiate the applicable grievance process if facts or circumstances emerge that indicate the matter is not appropriate for an informal process. The Title IX Coordinator's decision whether to offer an informal resolution process and whether to terminate such process prior to completion is final and not subject to appeal.

Informal resolution processes should generally be completed within thirty (30) business days from the initiation of the process. The documented agreement resulting from the informal resolution process is final and not subject to appeal. Following completion of an informal resolution process, the Title IX Coordinator shall ensure the parties adhere to the outcome.

Information s hared with a facilitator or mediator during the informal resolution process will not be used in a separate student conduct process or a grievance process under this Policy if the informal process is not completed. The facilitator or mediator shall not become a witness to any subsequent student conduct

process or grievance process under this Policy. However, facts disclosed to a facilitator may otherwise be uncovered in the normal course of investigation if a student conduct process or grievance process is started or re-initiated.

Information shared between a Complainant and Respondent during an informal resolution process may be used in the applicable grievance process if the informal resolution process is started but not completed, in accordance with law and University policy.

Options that the Title IX Coordinator may offer for informal resolution of Prohibited Conduct include: (1) a facilitated restorative justice process (“RJ Process”); and (2) a facilitated mediation (“Mediation”), as described below.

#### A. Restorative Justice Process

A facilitated restorative justice process is philosophy of justice as well as a set of practices and seeks to: (a) eliminate Prohibited Conduct; (b) prevent recurrence of Prohibited Conduct; and address harm caused by Prohibited Conduct through active accountability in a manner that meets the needs of both Complainant and the campus community. A RJ Process is facilitated by someone trained in trauma-informed restorative justice practices who is impartial and free from conflicts of interest, or bias for or against the Complainant or Respondent or Complainants or Respondents generally (“Facilitator”).

Disputes of fact are permitted in an RJ Process; however, in all cases the student Respondent must be willing to admit and take responsibility for the Prohibited Conduct as generally described in the report of Prohibited Conduct.

At the end of an RJ Process, an agreement is required to document the outcome that must be in writing signed by the parties. The Facilitator shall deliver the agreement to the Title IX Coordinator.

Aside from the requirements described above, the restorative justice facilitator has discretion in how best to conduct the process, including, but not limited to, whether face- to-face interaction between the parties occurs.

#### B. Mediation

Mediation is a process that seeks to help the parties resolve a dispute. Mediation is facilitated by an impartial facilitator who is free from conflicts of interest, or bias for or against the Complainant or Respondent or Complainants or Respondents generally (“Mediator”). The Mediator must be familiar with negotiation and dispute resolution protocols and may be, but is not required to be, an attorney. The Mediator does not have the authority to unilaterally impose Corrective Measures – the parties must agree to Corrective Measures to resolve the matter.

Disputes of fact are permitted in a mediation process; however, in all cases the student Respondent must be willing to negotiate regarding the appropriate imposition of Corrective Measures to resolve the allegations of Prohibited Conduct.

At the end of a Mediation, the negotiated agreement must be in writing signed by the parties, and the Mediator shall forward a copy of the agreement to the Title IX Coordinator.

Aside from the requirements described above, the Mediator has discretion in how best to conduct the process, including, but not limited to, whether face-to-face interaction between the parties occurs.

#### 9. GRIEVANCE PROCESS 1 FOR COMPLAINTS OF UNLAWFUL HARASSMENT, DISCRIMINATION, AND SEX-BASED MISCONDUCT OTHER THAN FORMAL TITLE IX SEXUAL HARASSMENT COMPLAINTS

As set forth above, this grievance process is utilized for all reports of [Prohibited Conduct](#) except for: (a) those involving Formal Title IX Sexual Harassment Complaints or (b) those resolved via Informal Resolution.

##### A. Initial Review of the Complaint; Supportive Measures

The Title IX Coordinator shall conduct an initial review of the Complaint to determine whether an investigation is required and whether Supportive Measures are appropriate.

An investigation is required when there is a dispute of fact which impacts the determination of whether Prohibited Conduct has occurred or if the Title IX Coordinator determines it is otherwise in the best interest of the campus community to do so.

Supportive Measures are services, accommodations, or other measures put in place temporarily following a complaint of conduct prohibited by this Policy to assist or protect either the Complainant, the Respondent, or the University community. Supportive Measures may remain in place until the matter is resolved, changed, or ended depending on how the parties' needs evolve while the matter is being processed. Supportive measures may also become a permanent Preventative and Corrective Measure following resolution of the matter. Supportive Measures may include, but are not limited to: counseling, extensions of deadlines or other course related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures, or other measures determined to be reasonable by the Title IX Coordinator.

##### B. Assignment of Neutral Investigator; Notice of Complaint Procedures

If an investigation is required, then the Title IX Coordinator shall either directly investigate the matter or may assign a qualified neutral investigator to investigate the alleged misconduct ("Investigator"). In some cases, an investigative team may be utilized. The Title IX Coordinator

shall have broad discretion in selection of an investigator, provided that the assigned Investigator: (a) has the skills and resources necessary to conduct a complete investigation; (b) is free of conflicts of interests; and (c) is free from bias in favor of or against either the Complainant or Respondent or Complainants or Respondents generally. The Investigator may be a qualified University employee or an external investigator. External investigators must be either licensed attorneys or licensed private investigators. Before the investigation begins, the Title IX Coordinator will provide the Complainant and the Respondent with a Grievance Process 1 Notice of Complaint & Investigation Procedures (“G1 Notice of Complaint Procedures”) that, generally, includes the following information:

1. A copy of or access to the Grievance Process 1 procedures and this Policy;
2. The general nature of the alleged violations;
3. The purpose of the investigation, including a statement that the investigation is when all known and/or available evidence or information must be introduced;
4. A statement that knowingly making false statements or knowingly submitting false information to the University as part of the grievance process is a violation of this Policy and the codes of conduct applicable to employees and students, and may subject the persons doing so to corrective measures, up to and including expulsion from the University’s academic program and/or termination from employment;
5. The identity and contact information of the Investigator;
6. A statement that the findings of fact will be based on a Preponderance of Evidence standard;
7. A statement warning against interference with the integrity of the investigation, consistent with law and this Policy;
8. Any Supportive Measures;
9. The option for a Support Person;
10. A statement that Retaliation is prohibited; and
11. A statement that any new allegations that arise during the course of the investigation that could subject either party to new or additional Corrective Measures shall be subject to the same notice requirements.

### C. Support Person

The Complainant and/or Respondent may choose anyone (including legal counsel, a colleague, friend, family member, or other representative) to voluntarily serve as their support person during the grievance process, so long as the person selected is not a witness to the allegations being processed (“Support Person”). The Complainant and Respondent may be accompanied by their Support Person to any meeting or proceeding under this Policy; however, the Support Person may not speak on their behalf, advise them on how to answer a question of the Investigator, or otherwise engage with the Investigator or others participating in any part of the process under this Policy. The Complainant and Respondent must notify the Title IX Coordinator at least three (3) business days in advance if they wish to bring a Support Person and must disclose their name and contact information to the Title IX Coordinator. The Support Person and the person they are supporting may be required to sign documents agreeing to confidentiality and non-disclosure of information obtained in the Grievance Process, FERPA waivers, or other paperwork the Title IX Coordinator deems appropriate.

#### D. Investigation Timeline and Process; Standard of Proof

Generally, the investigation shall generally be completed within ninety (90) business days from the issuance of the G1 Notice of Complaint. This deadline and all deadlines under Grievance Process 1 may be extended by the University for good cause, including but not limited to the need to ensure a thorough and accurate investigation process. The University shall not unreasonably deny a student party's request for an extension of a deadline related to a complaint due to periods of examination or school closures. The Complainant and Respondent will be notified in writing of any such extensions, the general reason(s) for the extension, and the projected new timeline. During the investigation, the Investigator will meet separately with the Complainant, Respondent, and witnesses who may have Relevant information, and will gather other available and Relevant evidence and information. The Investigator will make findings of fact based on a Preponderance of the Evidence. The interviews may be electronically recorded at the discretion of the Investigator. The Investigator's recording will be the sole electronic recording permitted; the parties and witnesses are not permitted to make their own recording of their interview. No recording devices, including cell phones, will be permitted during the interview other than the Investigator's recording device. All employees and students are required to participate in the investigation process as requested by the Investigator or Title IX Coordinator, subject to discipline under the relevant University codes of conduct or professionalism policies. To the extent a Respondent does not participate in the investigation, non-participation may not be used as a basis for appeal and the Investigator will make findings of fact without the input of the Respondent. The Investigator may bring support staff to investigative interviews or other proceedings to assist in the process. No other persons are permitted at an investigatory interview or other proceeding unless granted permission by the Title IX Coordinator.

#### E. Consent Required for Privileged Information

The Investigator cannot access, consider, disclose, or otherwise use a Party's records which are protected by a legally recognized privilege, including, but not limited to, the following: the attorney-client privilege, and questions and evidence made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the Investigator obtains that Party's voluntary, written consent to do so.

#### F. Investigation Documentation

The Investigator shall prepare a written summary for the Title IX Coordinator that includes a statement of the allegations and issues, the perspectives of the parties (e.g., admissions or denials), a summary of the evidence, findings of fact and information supporting such findings, and credibility determinations for the Complainant, Respondent, and all Relevant witnesses without basing such determination on the person's status as a Complainant, Respondent, or witness. At the request of the Title IX Coordinator, the Investigator may also make a recommendation regarding whether any University policy violations occurred.

## G. Investigation File

The investigation file, including the final written summary, interview recordings, and any documentary evidence relied upon by the Investigator, shall be maintained by the Title IX Coordinator and shall not be made available to the Complainant, Respondent, or any witness unless otherwise required by law. The Title IX Coordinator may share the investigation file with others as needed to carry out their obligations under this Policy.

## H. Adjudication and Corrective Measures

If no investigation is required, or following the completion of an investigation, the Title IX Coordinator may utilize the following options for adjudication and, if appropriate, determination regarding [Corrective Measures](#) by a decision-maker which shall generally take place within 15 business days following the completion of the investigation:

1. If the Title IX Coordinator did not investigate the matter directly, then the Title IX Coordinator may review the written summary and make a determination regarding whether a violation of this Policy has occurred and, if so, the Corrective Measures to be implemented;
2. Refer the matter to an external adjudicator who will review the written summary and make a determination regarding whether a violation of this Policy has occurred and, if so, the external adjudicator shall recommend Corrective Measures for approval by the Title IX Coordinator or other appropriate University administrator;
3. For matters involving employee Respondents, the Title IX Coordinator may forward the written summary to an administrator within the Office of Human Resources or another supervisory level administrator for a determination regarding whether a violation of this Policy has occurred and, if so, the Corrective Measures to be implemented;
4. For matters involving student Respondents, the Title IX Coordinator may forward written summary to an administrator within the appropriate student affairs office for a determination regarding whether a violation of this Policy has occurred and, if so, the Corrective Measures to be implemented; or
5. May refer the matter for further adjudication or resolution under other applicable University policies.

In all cases, the person(s) assigned to serve as a decision-maker for the matter shall: (a) be free from conflicts of interest; (b) be free from bias either for or against the Complainant or Respondent or complainants or respondents generally; (c) be trained in this Policy, including (but not limited to) with regard to the definitions of harassment, discrimination, retaliation and preponderance of the evidence standard.

Following adjudication, the Title IX Coordinator shall provide the Parties with a Notice of Decision setting forth the University's decision regarding whether a violation of this Policy occurred and, if so, the Corrective Measures.

I. Right to Request a Student Hearing Where the Corrective Measures Include Student Suspension or Dismissal from An Academic or Extracurricular Program

Following receipt of a Notice of Decision, a student Respondent may request a hearing in writing submitted to the Title IX Coordinator within five (5) business days only in situations where the Corrective Measures to be imposed include suspension or expulsion from the University's academic program or University-controlled extracurricular programs. The University may utilize the student conduct hearing procedures set forth under the student's College policies, except that, at a minimum, they shall include the following: (a) an external hearing officer may be, but is not required to be, utilized as part of the student hearing process; (b) at hearing the Respondent may indirectly question the Complainant and/or witnesses before a neutral decision-maker who has the authority to independently make findings of fact and credibility assessments ; (c) the hearing shall be informal, and rules of evidence shall not apply; and (d) the parties may not introduce evidence, including witness testimony, at the hearing that the party did not identify during the investigation and that was available at the time of the investigation unless the hearing officer, acting within their discretionary authority, has decided that there is good cause to accept such new evidence offered at the hearing. Following the hearing, the Title IX Coordinator will communicate the outcome to the Parties with a Notice of Student Hearing Decision, which shall include the decision regarding whether a violation of this Policy occurred and, if so, appropriate Corrective Measures.

J. Appeal Rights

Either the Complainant or the Respondent may appeal the Notice of Decision or Notice of Student Hearing Decision in writing submitted to the Title IX Coordinator within five (5) business days from the date of the notice based on one or more of the following criteria: (1) procedural irregularity that would change the outcome; (2) new evidence that would change the outcome that was not reasonably available when the determination of the outcome of the matter was made; or (3) the Title IX Coordinator, Investigator, decision-maker and/or hearing officer had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that would change the outcome. For purposes of appeal of the Notice of Decision, the outcome includes a determination whether a Policy violation occurred and the decision regarding Corrective Measures. Upon receipt of an appeal, the Title IX Coordinator will review the appeal to determine if it meets the required criteria and, if so, forward the appeal to an Appeal Adjudicator who shall not be the original decision-maker, the Investigator or the Title IX Coordinator. The Appeal Adjudicator may affirm the finding, affirm but modify the Corrective Measures, or remand the matter back for further investigation and/or other proceedings. The Title IX Coordinator shall ensure the Parties are provided with the Appeal Adjudicator's decision as well as the rationale for such decision in writing. All Appeal Adjudicator decisions are final.

K. Notices

All notices and communications to CHSU faculty, staff, administration, and students will be delivered via the University's email system. All such parties have a responsibility to promptly read all University emails. For individuals outside of the CHSU community (including former employees and former/withdrawn students ), notices and communications will be sent to the most recent email and/or physical home address on file with the Title IX Coordinator.

10. GRIEVANCE PROCESS 2 FOR COMPLAINTS OF TITLE IX SEXUAL HARASSMENT

As set forth above, Grievance Process 2 is utilized only for Formal Title IX Sexual Harassment Complaints , except for those resolved via Informal Resolution.

#### A. Requirements for Formal Title IX Sexual Harassment Complaint

In order for a complaint to be subject to the Grievance Process for Complaints of Title IX Sexual Harassment, a Formal Title IX Sexual Harassment Complaint must be filed either by an alleged victim, the parent or guardian of a minor alleged to be a victim, or the Title IX Coordinator. A Formal Title IX Sexual Harassment Complaint is considered “ filed” when either of the following occurs:

1. An alleged victim files a report alleging another person has subjected them to Title IX Sexual Harassment and the report contains a physical or digital signature, or otherwise indicates that the Complainant is the person filing the Formal Title IX Sexual Harassment Complaint. If the identity of the Respondent is not known to the Complainant, the Complainant does not need to include the Respondent’s identity in the Complaint, as this may be determined during the investigation process; or
2. The Title IX Coordinator files and signs a Formal Title IX Sexual Harassment Complaint.

Additionally, at the time of filing a Formal Title IX Sexual Harassment Complaint, the following three requirements must be met:

1. The alleged victim must be participating in or attempting to participate in the education program or activity of the University;
2. The alleged misconduct must have occurred against a person in the United States either (a) on CHSU property; (b) in connection with CHSU activities, programs, or events where the University exercises substantial control over the respondent and the context in which the incident occurred; (c) buildings owned or controlled by officially recognized University student organizations, regardless whether the building is located on- or off-campus and irrespective of whether the University exercised substantial control over the respondent and the context of the harassment; (d) cyber harassment conducted over computer and internet networks , digital platforms, and computer hardware or software owned or operated by, or used in the operation of, the University; or (e) off-campus conduct that has effects in the education program; and
3. The conduct alleged in the Formal Title IX Sexual Harassment Complaint must, if proven by a preponderance of the evidence, constitute Title IX Sexual Harassment.

Participation or Attempted Participation in an Educational Program or Activity: An alleged victim must be participating in or attempting to participate in the education program or activity of the University. This includes, but is not limited to:

1. Applicants for or students enrolled in University academic programs;
2. Applicants for employment or those employed by the University;
3. Alumni of the University if they graduated from a program of the University and intend to either (a) apply to a different program offered by the University, or (b)

remain involved with University's alumni programs and activities; or

4. A student who is on a leave of absence if they are still enrolled as a student of the University or if they intend to re-apply to the University after the leave of absence is concluded; or
5. A student who has left the University because of Title IX Sexual Harassment, but who wants to re-enroll if the University responds appropriately to the Title IX Sexual Harassment.

Substantial Control: When determining whether the University exercises substantial control over the respondent and the context in which the incident occurred, factors to be considered include, but are not limited to, whether the University funded, promoted, or sponsored the event.

Off-Campus Conduct: Off-Campus Conduct effects an education program when the alleged victim has to interact with the respondent in a University's education program or activity, or when the effects of the underlying Title IX Sexual Harassment creates a hostile environment in the alleged victim's workplace or educational environment

#### B. Title IX Coordinator's Decision to File a Formal Title IX Sexual Harassment Complaint

The Title IX Coordinator should file a Formal Title IX Sexual Harassment Complaint if doing so is necessary to avoid being deliberately indifferent to known Title IX Sexual Harassment, with or without the participation of the alleged victim. In determining whether to file a Formal Title IX Sexual Harassment Complaint, the Title IX Coordinator may consider a variety of factors including, but not limited to, a pattern of alleged misconduct by a particular respondent, and/or whether the allegations involve violence, weapons, whether filing a Formal Title IX Sexual Harassment Complaint is the best mechanism to protect the campus community, or similar factors.

To the extent possible, the Title IX Coordinator will respect the alleged victim's autonomy and wishes with respect to the filing of a Formal Title IX Sexual Harassment Complaint and grievance process. As such, the Title IX Coordinator's decision to file a Formal Title IX Sexual Harassment Complaint may occur only after the Title IX Coordinator has promptly contacted the alleged victim of Title IX Sexual Harassment to discuss availability of supportive measures, explain to the process for filing a Formal Title IX Sexual Harassment Complaint, and consider the alleged victim's wishes with respect to supportive measures and the Formal Title IX Sexual Harassment Complaint process.

Where the Title IX Coordinator files a Formal Title IX Sexual Harassment Complaint, the Title IX Coordinator is not considered a Complainant or otherwise a Party to the grievance process.

#### C. Dismissal of Formal Title IX Sexual Harassment Complaint; Appeal of Dismissal The University is required to dismiss a Formal Title IX Sexual Harassment Complaint if:

1. the conduct alleged, if true, does not constitute Title IX Sexual Harassment;
2. the conduct alleged did not occur in the University's education program or activity; or
3. did not occur against a person in the United States.

The University may, but is not required to, dismiss a Formal Title IX Sexual Harassment Complaint at any time during the grievance process if:

1. An alleged victim notifies the Title IX Coordinator in writing that the alleged victim would like to withdraw the Formal Title IX Sexual Harassment Complaint or allegations therein;
2. The respondent is no longer enrolled or employed by the University; or
3. Specific circumstances prevent the University from gathering evidence sufficient to reach a determination as to the Formal Title IX Sexual Harassment Complaint or allegations therein. Circumstances preventing University from gathering sufficient evidence to reach a determination includes, but are not limited to, the following: the report of Sex-Based Misconduct does not identify an alleged victim; the report of Sex-Based Misconduct includes precisely the same allegations that the University has already processed through this Policy; the length of time between an alleged incident of Sex-Based Misconduct and the filing of a Formal Title IX Sexual Harassment Complaint prevents the University from collecting enough evidence to reach a conclusion; or when the alleged victim has stopped participating in the investigation but has not sent a written withdrawal request and the only inculpatory evidence available is the alleged victim's statement in the Formal Title IX Sexual Harassment Complaint or as told to the Title IX Coordinator or a University investigator.

In all cases of dismissal of a Formal Title IX Sexual Harassment Complaint, regardless of whether the dismissal was mandatory or permissive, such dismissal does not preclude the University, in its sole discretion, from processing a report of Sex-Based Misconduct under the University's Grievance Process 1, or another appropriate University policy or procedure.

If the University dismisses a Formal Title IX Sexual Harassment Complaint, the Title IX Coordinator will promptly send written notice of the dismissal and reasons for such dismissal simultaneously to the Parties ("Notice of Dismissal of Formal Title IX Sexual Harassment Complaint"). Such notice shall include an option to appeal the determination regarding dismissal. Either party may appeal the dismissal of a Formal Title IX Sexual Harassment Complaint on any of the following bases: (1) a procedural irregularity that affected the outcome of the matter; (2) new evidence not reasonably available at the time the determination of dismissal was made that could affect the outcome of the matter; or (3) the Title IX Coordinator had a conflict of interest or bias against a party generally or individually that affected the outcome of the matter.

Any appeal of a dismissal of a Formal Title IX Sexual Harassment Complaint must be made in writing to the Title IX Coordinator within five (5) business days of the date of the Notice of Dismissal of Formal Title IX Sexual Harassment Complaint and must set forth all grounds for the bases of such appeal. If an appeal does not set forth sufficient grounds for appeal, the appeal will be dismissed. If an appeal does set forth sufficient grounds for appeal the appeal will be reviewed by an appeal adjudicator for final decision regarding dismissal within five (5) business days of the date the appeal is received by the appeal adjudicator, unless more time is needed by the appeal adjudicator for good cause (e.g., appeal adjudicator requires additional information to decide the appeal, appeal adjudicator is not available due to personal health issues, or appeal adjudicator is not available due to family emergency, etc.). The appeal adjudicator shall not be the same person who investigated the allegations or decided to dismiss the Complaint, nor shall it be Title IX Coordinator.

#### D. Option to Consolidate Formal Title IX Sexual Harassment Complaints

The Title IX Coordinator may consolidate multiple Formal Title IX Sexual Harassment.

Complaints against more than one Title IX Sexual Harassment Respondent, or by more than one Title IX Sexual Harassment Complainant against one or more Title IX Sexual Harassment Respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances. The requirement for the same facts or circumstances means that the multiple Title IX Sexual Harassment Complainants' allegations are so intertwined that their allegations directly relate to all parties.

#### E. Temporary Emergency Removal Procedures for Student Respondents; Appeal of Temporary Emergency Removal

The University may remove a student Respondent from one or more parts, or all parts, of the University's education program or activity on an emergency basis after undertaking an individualized safety and risk analysis to determine whether an immediate threat to the physical health or safety of any student or other individual arising from an allegation of Title IX

Sexual Harassment. If such an immediate threat to physical health or safety exists, the University may then affect such emergency removal of a student Respondent from the University's educational program or activity as follows:

- a. Notice. Prior to the emergency removal, the University must provide the student Respondent with notice of the decision to remove them from the educational program or activity on an emergency basis.
- b. Immediate Right to Appeal Emergency Removal. The University shall provide the student Respondent an opportunity to challenge the decision immediately following the removal. To appeal a decision for emergency removal, the student Respondent must submit their appeal ("Emergency Removal Appeal") to the Title IX Coordinator in writing within seventy-two (72) hours of receiving the Notice of Emergency Removal. The Emergency Removal Appeal must describe the reasons why emergency removal is not appropriate. If the student Respondent chooses to submit an Emergency Removal Appeal, it shall be reviewed by the appeal adjudicator who will issue a final decision on emergency removal, generally within forty-eight (48) hours of the Title IX Coordinator's receipt of the Emergency Removal Appeal. Such review shall be conducted by a decision-maker other than the person who originally determined to initiate the emergency removal procedures. The student Respondent is subject to the requirements of the emergency removal while the appeal is pending.
- c. Continuance of Academic Coursework. In some cases, the Title IX Coordinator may offer a student Respondent who has temporarily been removed from one or more parts of the University's educational program or activity alternative options to continue academic coursework during the removal period, as appropriate and without fundamentally altering the academic requirements of the student Respondent's academic program.

- d. Impact of Temporary Emergency Removal on Grievance Process. The temporary emergency removal of a student respondent its elf shall not be “relevant evidence” for consideration in reaching a determination whether the student Respondent has violated this Policy. However, documents and information giving rise to a Temporary Emergency Removal may be relevant evidence in a subsequent Grievance Procedure.

F. Formal Title IX Sexual Harassment Complaint Investigation  
Procedures Formal Title IX Sexual Harassment Complaints shall be investigated as follows:

1. Initial Review of the Complaint The Title IX Coordinator s hall conduct an initial review of the Complaint to determine whether an investigation is required. An investigation is required when there is a dispute of fact which impacts the determination of whether Title IX Sexual Harassment has occurred, or it is otherwise in the best interest of the campus community to do so. During the entirety of this grievance process, there will be a presumption that a Title IX Respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

2. Supportive Measures. During their initial review of the Complaint, the Title IX Coordinator shall determine whether Title IX Supportive Measures are appropriate. Title IX Supportive measures are non-disciplinary, non-punitive, individualized services offered as appropriate, as reasonably available, and without fee or charge to the Title IX Sexual Harassment Complainant or Title IX Sexual Harassment Respondent before or after the filing of a Formal Title IX Sexual Harassment Complaint or where no Formal Title IX Sexual Harassment Complaint has been filed. Title IX Supportive Measures are designed to restore or preserve equal access to the University’s education program or activity without punishing, disciplining, or unreasonably burdening the other party, including measures designed to protect the safety of all parties or the University’s educational environment, or deter Title IX Sexual Harassment. Title IX Supportive Measures may include, but are not limited to, counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The determination of what Title IX Supportive Measures are appropriate in a given situation must be based on the facts and circumstances of that situation. The Title IX Coordinator shall promptly contact the alleged victim to discuss the availability of Title IX Supportive Measures and consider the person’s wishes with respect to such measures. The Title IX Coordinator will engage in a meaningful dialogue with the alleged victim to determine which supportive measures may restore or preserve equal access to the University’s education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties of the University’s educational environment, or deter sexual harassment. If a complainant desires supportive measures, the recipient can, and should, keep the complainant’s identity confidential (including from the respondent), unless disclosing the complainant’s identity is necessary to provide supportive measures for the complainant (e.g., where a no-contact order is appropriate and the respondent would need to know the identity of the complainant in order to comply with the no-contact order, or campus security is informed about

the no-contact order in order to help enforce its terms). When supportive measures are not provided to the alleged victim, the Title IX Coordinator shall document the reason why such measures were not provided and why this decision was not clearly unreasonable in light of the known circumstances. The Title IX Coordinator may also provide Title IX Supportive Measures to the person accused of Title IX Sexual Harassment, as appropriate.

3. Assignment of Neutral Investigator. If an investigation is required, then the Title IX Coordinator shall assign a qualified neutral investigator to investigate the alleged misconduct (“ Investigator” ). In some cases, an investigative team may be utilized. The Investigator’s shall have no conflict of interest and be free of bias for or against a Title IX Complainant or Title IX Respondent generally or individually with respect to the people involved. Such determinations regarding bias s shall be made by an objective evaluation of the circumstances without relying on stereotypes (e.g., assuming that all self-described feminists or survivors are biased against men, or that a man is incapable of being sensitive to women, or that prior work as a victim advocate or as a defense attorney renders the person biased for or against complainants or respondents ). The Title IX Coordinator shall have broad discretion in selection of an Investigator, provided that the person assigned has the skills, training, and resources neces sary to conduct a complete investigation. The Investigator may be a University employee or a third-party inves tigator.

4. Notice of Formal Title IX Sexual Harassment Complaint Procedures. Before the investigation begins, the Title IX Coordinator will simultaneously provide the Title IX Complainant and Title IX Respondent with a Notice of Formal Title IX Complaint & Investigation Procedures (“ Notice of Formal Title IX Sexual Harassment Complaint”). If a party has already elected an Advisor and submitted the required documentation for their Advisor, the Notice of Formal Title IX Sexual Harassment Complaint shall also be delivered to the Advisor. Additionally, in the case of unemancipated minors, the Title IX Coordinator s shall send a copy of such notice to the unemancipated minor’s parent or guardian and is permitted to communicate with the parent or guardian regarding the grievance process. If the alleged victim’s identity is unknown and the Formal Title IX Sexual Harassment Complaint is filed by the Title IX Coordinator, the Notice of Formal Title IX Sexual Harassment Complaint is not required to be provided to the alleged victim or a third party who may have filed the initial report of Title IX Sexual Harassment. The Notice of Formal Title IX Sexual Harassment Complaint shall include the following information, as applicable:

- a. The alleged conduct that, if true, constitutes Title IX Sexual Harassment, including, if known, the identities of the Parties involved in, and the date, time, and location of, the alleged incident;
- b. A statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
- c. A summary of the grievance process, including information regarding informal resolution procedures, each party’s entitlement to inspect and review evidence, rights regarding an Advisor, and a copy of this Policy;
- d. Information regarding the importance of preserving evidence and the

identification and location of witnesses, and that such evidence may assist in proving a criminal offense or in obtaining a protection order in a court of law;

e. The purpose of the investigation and a statement that the investigation is when all known and/or available evidence or information must be introduced;

f. A statement that knowingly making false statements or knowingly submitting false information to the University as part of the grievance process is a violation of this Policy and the codes of conduct applicable to employees and the student code of conduct, and may subject the person doing so to corrective measures, up to and including expulsion from the University's academic program and/or termination from employment; g. The identity and contact information for the Investigator;

h. A statement that the standard of evidence is a Preponderance of Evidence;

i. A statement warning against interference with the integrity of the investigation, including, but not limited to, discussions with witnesses which may be perceived as threatening or coercive;

j. Any Title IX Supportive Measures that have been imposed (including information regarding the availability of both on-campus and off-campus resources and other supportive services);

k. An admonition against Retaliation;

l. A statement that any new allegations that arise during the course of the investigation that could subject either party to new or additional sanctions shall be subject to the same notice requirements; and A statement that advises student parties of their right to consult with an attorney, at their own expense, at any stage of the process if they wish to do so and that an attorney may serve as a support person or an advisor.

5. Amended Notice of Formal Title IX Sexual Harassment Complaint. If during the course of the investigation, the Investigator will be investigating new allegations about the Parties that are not originally included in the Notice of Formal Title IX Sexual Harassment Complaint, then a subsequent notice containing these new allegations ("Amended Notice of Formal Title IX Sexual Harassment Complaint") will be issued to both Parties. Additionally, if the new allegations do not constitute Title IX Sexual Harassment then the University may elect to process those allegations under other applicable grievance or dispute resolution processes, including, but not limited to, Grievance Process 1 or those contained in student or employee handbooks.

#### 6. Investigation Process

a. Timeline. Generally, the investigation shall be complete within ninety (90) business days from the issuance of the Notice of Formal Title IX Sexual Harassment Complaint to the Parties. This deadline and all deadlines contained in this Policy may be extended by the University for good cause. The Complainant and Respondent will be notified in writing of any such extensions, the reasons for the extension, and the projected new timeline. The University shall not unreasonably deny a student party's request for an extension of a deadline

based on periods of examination or school closures

b. Standard of Proof. The applicable standard of proof shall be a

Preponderance of the Evidence.

c. Interviews, Participation of the Parties, and Gathering of Evidence. The Investigator is the person primarily responsible for gathering evidence sufficient to reach a determination regarding responsibility (i.e., such burden s hall not rest on the Parties ). During the investigation, the investigator will meet separately with the parties and witnesses who may have relevant information and will also gather other available and relevant evidence and information. The Investigator will provide an equal opportunity for the Parties to present witnesses, including

fact and expert witnesses, and will objectively review other inculpatory and exculpatory evidence. The Investigator will also consider relevant circumstances such as the ages of the Complainant and Respondent, disability s tatus , position of authority of involved parties, and other factors. The Parties are permitted to discuss the allegations under investigation with others or to gather and present relevant evidence; however, the Parties are precluded from intimidating or otherwise tampering with Parties or witnesses or otherwise interfering with the investigation, such as by attempting to alter or prevent a Party's or witnesses' testimony involved in the investigation. To the extent a student who is a Respondent declines to participate in the investigation, non-participation may not be used as a basis for appeal of the process and the Investigator will complete the investigation without the input of the Respondent. The interviews may be electronically recorded at the discretion of the Investigator and will be maintained by the Title IX Coordinator. It will be the sole electronic recording permitted; the Parties are not permitted to make their own recording of their interview. No recording devices, including cell phones, will be permitted in the room where the interview is taking place other than the Investigator's recording device. The University reserves all rights with regard to requiring employee participation in the investigation process provided by law and University policy.

The Investigator may bring support staff to investigative interviews or other proceedings to assist in the process. Parties and witnesses may bring an Advisor, as described below. No other persons are permitted at an investigatory interview or other proceeding unless granted permission by the Title IX Coordinator.

d. Consent Required for Privileged Information. The Investigator cannot access, consider, disclose, or otherwise use a Party's records which are protected by a legally recognized privilege, including, but not limited to, the following: the attorney-client privilege, questions and evidence made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the Investigator obtains that party's voluntary, written consent to do so.

e. Sexual History. The Investigator may not consider a Title IX Complainant's prior sexual history with the following two (2) exceptions: if such information is offered to prove that someone other than the respondent committed the conduct alleged by the Title IX Complainant, or if the questions and evidence concern specific incidents

of the Title IX Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent.

f. Prior Dating Relationship. The Investigator may not consider the existence of a dating relationship or prior or subsequent consensual sexual relations between the Complainant and Respondent unless the evidence is relevant to how the parties communicated consent in prior or subsequent consensual sexual relations. Where the Investigator allows consideration of evidence about a dating relationship or prior or subsequent consensual sexual relations between the complainant and the respondent, the mere fact that the Complainant and Respondent engaged in other consensual sexual relations with one another is never sufficient, by itself, to establish that the conduct in question was consensual. Before allowing the consideration of any evidence of a prior dating relationship, the Investigator shall provide a written explanation to the parties as to why consideration of the evidence is appropriate.

7. Opportunity to Review Documentation and Information During Investigation Process. During the investigation process, the Investigator shall provide both Parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a Formal Title IX Sexual Harassment Complaint. This includes evidence upon which the University does not intend to rely on in reaching a determination regarding responsibility and includes inculpatory or exculpatory evidence whether obtained from a Party or other source, such that each Party should be able to meaningfully respond to the evidence prior to conclusion of the investigation. All Parties should submit any evidence that they would like the Investigator to consider prior to when the Parties' time to inspect and review evidence begins.

a. Redactions. The Investigator may redact information provided to either Party that is not directly related to the allegations or that is otherwise barred by a legally recognized privilege, or a Party's treatment records if the Party has not provided written consent. The Title IX Coordinator shall keep a log of all information not directly related or that is otherwise withheld from the Parties .

b. Procedures for Review of Documentation. The University will send to each Party and the Party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The Parties will have ten (10) calendar days after receiving this information to submit a written response which the Investigator will consider prior to completion of the investigative report. During this ten (10) calendar day period, both Parties may provide additional evidence in response to their inspection and review of the evidence that had been provided to them. The additional evidence provided by both parties will be shared with the other party and each party shall have an additional opportunity to respond to the other party's additional evidence during a five (5) calendar day period following the end of the ten (10) calendar day period. Following this process, the Investigator may also follow up with the Parties regarding any outstanding evidence either Party has not had a chance to speak to. No further review, exchange, or submissions will be permitted at this stage.

8. Investigation Report; Parties' Review of Report. The Investigator shall prepare a written investigation report that fairly summarizes relevant evidence and includes copies of relevant documents as enclosures to the report ("Investigation Report"). The Investigation Report will include a statement summarizing the alleged misconduct, the perspectives of the parties (e.g., admissions or denials), a summary of the evidence including a list of witnesses interviewed and documents reviewed, preliminary credibility assessments for all witnesses if made, including the Complainant and Respondent (without basing such determination on the person's status as a Complainant, Respondent, or witness). In a case where there are multiple Title IX Sexual Harassment Complainants and/or multiple Title IX Sexual Harassment Respondents, a single investigative report is permitted. At least ten (10) calendar days prior to the live hearing, the Investigator will send to each Party and each Party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response. At the same time the Investigator sends the Investigation Report to the Parties, the Investigator shall also send a copy of the Investigation Report to the Title IX Coordinator. During this ten (10) calendar-day period, the Parties may provide a written response to the Investigation Report to the Investigator.

9. Title IX Sexual Harassment Case File. The Title IX Sexual Harassment Case File shall include: (a) the initial report of Sex-Based Misconduct; (b) the Formal Complaint; (c) all notices delivered to the parties; (d) copies of all documents and information provided to the parties for review and inspection (either included as part of the Investigation Report or as separate documents); (e) the Parties' written responses to the Investigator regarding their inspection and review of documents and information during the investigation; (f) the Investigation Report including all exhibits; and (g) the Parties' written responses to the Investigation Report, if available.

10. Notices. All notices and communications to CHSU faculty, staff, administration, and students will be delivered via the University's email system. All such parties have a responsibility to promptly read all University emails. For individuals outside of the CHSU community (including former employees and former/withdrawn students), notices and communications will be sent to the most recent email and physical home address on file with the Title IX Coordinator.

11. Advisor. The Title IX Complainant and/or Title IX Respondent may choose anyone (including legal counsel, a colleague, friend, family member or other representative) to voluntarily serve as an advisory support person ("Advisor") but in all cases the parties must participate directly in all meetings or process prior to the live hearing. The Complainant and Respondent may be accompanied by their Advisor to any meeting or investigation process; however, the Advisor may not speak on their behalf, advise them on how to answer a question of the Investigator, or engage with the Investigator or others participating in any part of the investigation (excluding the live hearing), or otherwise interfere with the investigation in any way, other than to take reasonable breaks during the meeting or proceeding to confer with the respective Party. The Complainant and Respondent must notify the Investigator at least three (3) business days in advance if they wish to bring an Advisor and must disclose their name and contact information to the Investigator. The University may require the Parties and Party advisors to enter into non-disclosure agreements.

## G. Live Hearing Procedures

Formal Title IX Sexual Harassment Complaints shall be adjudicated at a live hearing (“Hearing”) as set forth below. References to the “Parties” include the Title IX Complainant(s) and Title IX Respondent(s).

1. Hearing Officer Appointment and Purpose. The Title IX Coordinator shall appoint a Hearing Officer to conduct a live hearing as required under Title IX procedures. The Hearing Officer shall be the decision-maker and shall: (a) evaluate all relevant evidence, both inculpatory and exculpatory, and independently reach determinations regarding findings of fact and whether the Title IX Respondent is responsible for Title IX Sexual Harassment; and (b) determine the appropriate Preventative and Corrective Measures, consistent with the University’s past practice and this Policy.
2. Hearing Officer Qualifications. The Hearing Officer may be a University employee or external third-party, such as an attorney, so long as the person:
  - a. Is not the Title IX Coordinator or Investigator;
  - b. Is free from conflict of interest or bias, including bias for or against complainants or respondents generally or with respect to the individual parties;
  - c. Has reviewed this Policy and understands the regulations applicable to the live hearing process pursuant to 34 Code of Federal Regulations Section 106.45; and
  - d. Is qualified by experience, education and/or training to effectively implement the requirements: (i) to serve impartially; (ii) understand issues of relevance of evidence (including how to apply the sexual history evidentiary rules); (iii) the preponderance of the evidence standard; and (iv) any technology to be used at the hearing.
3. Delivery of Notice, Documents, and Information. All notices to CHSU faculty, staff, administration, and students will be delivered via the University’s email system. All such parties have a responsibility to promptly read all University emails. For individuals outside of the CHSU community, notices and communications will be sent to the most recent email address on file with the Title IX Coordinator or, if no email address is on file, then to their last known physical address. Copies of all documents provided to the Parties will also be provided to each Party’s advisor if known at the time the documents are delivered to the Parties. If a Party is an unemancipated minor, copies of all documents will be provided to the Party and a parent or guardian of the minor upon request of either the parent/guardian or Party. The Title IX Sexual Harassment Case File and other relevant documents and information will be provided electronically unless otherwise requested by a hearing participant.
4. Virtual Hearing; Participants. Generally, all hearings will be virtual. A virtual hearing means that the Parties are located in separate locations such that the parties never come face-to-face with each other, the Hearing Officer, or witnesses. This may be done through the use of technology whereby all participants are still able to simultaneously see and hear the proceedings. At a

virtual hearing, the Parties have the right to be present to observe and hear (or, if deaf or hard of hearing or blind or visually impaired, to access through auxiliary aids) testimony of all individuals who testify and to propose questions to be asked of all individuals who testify at the hearing through their Advisor. The University may, in its discretion, designate that the hearing will be in-person and, if so, either Party may request a virtual hearing instead. Such request must be made in writing submitted to the Title IX Coordinator at least five (5) business days prior to the Hearing. Only the Parties, witnesses, Advisors, the Title IX Coordinator, University support staff, and support staff of external professionals involved in the proceeding may attend the Hearing.

5. Pre-Hearing Procedures.

- a. Notice of Hearing. The Title IX Coordinator will send a written Notice of Title IX Sexual Harassment Hearing to the Title IX Complainant and the Title IX Respondent at least fifteen (15) calendar days before the hearing. The Notice of Title IX Sexual Harassment Hearing shall include the following information: (a) the date, time, and location; (b) purpose of the hearing; (c) the name of the Hearing Officer; (d) other applicable pre-hearing, hearing, and post-hearing procedures; (e) an electronic or hard copy of the Title IX Sexual Harassment Case File; and (f) notification of whether the University had elected to hold the hearing in person and, if so, information regarding how to request a virtual hearing. The Hearing Officer shall also receive a copy of the Notice of Title IX Sexual Harassment Hearing.
- b. Summary of Information. At least ten (10) calendar days before the hearing, the Title IX Complainant and the Title IX Respondent will submit to the Title IX Coordinator a written summary of the information they intend to present at the hearing, including a list of documents to be presented, the names of all requested witnesses, and a brief summary of such witnesses' expected testimony ("Summary of Information"). The Parties must provide the Title IX Coordinator with electronic or hard copies of any documents not already in the Title IX Sexual Harassment Case File.
- c. Notice to Witnesses. The Title IX Coordinator shall contact each requested witness and notify them of the date, time, location of the Hearing, and procedures relevant to their appearance ("Notice to Witness of Hearing Appearance").
- d. Deadline for Response to Investigation Report. The last day for the Parties to submit their response to the Investigation Report is five (5) calendar days before the hearing.
- e. Cross-Examination or Other Questions. The University encourages that the Parties submit their questions in advance of the hearing to the Title IX Coordinator to allow for a more efficient hearing process, although this does not preclude either Party from asking questions at the Hearing which were not previously submitted. Student parties will have the opportunity to submit written questions to the Hearing Officer in advance of the hearing. At the hearing, the other party will have the opportunity to note an opposition to the questions posed based on criteria under this Policy. If a Party chooses to submit questions in advance, they are encouraged to do so at least three (3) calendar days prior to the Hearing. f. Pre-Hearing Packet. At least three (3) calendar days prior to the Hearing, the Title IX Coordinator will provide to

each Party and the Hearing Officer, either a hard copy or an electronic copy of the Pre-Hearing Packet, which shall include: (i) the Summary of Information provided by the Parties; (ii) any new documents not already provided; and (iii) a list of witnesses who are expected to appear at the Hearing.

g. Request for Disability Accommodations. If a Party, witness, Hearing Officer, or Decision-Maker Panel Member requires reasonable accommodation for a disability, they shall submit such request in writing to the Title IX Coordinator along with supporting information from a healthcare provider as soon as possible and at least three (3) calendar days prior to the hearing.

## 6. Hearing Procedures.

a. Hearing Officer Guidelines; Standard of Evidence. Prior to and during the live hearing the Hearing Officer shall approach each case without any preconceived ideas of the responsibility of the Parties involved and thoroughly review the Title IX Sexual Harassment Case File, Summaries of Information, and any other relevant documents and information submitted by the Parties prior to hearing. To arrive at findings of fact and determination of responsibility, the Hearing Officer must objectively evaluate relevant evidence (both inculpatory and exculpatory) and analyze whether that evidence warrants a high or low level of weight or credibility, including the credibility of each Party and witness. The Hearing Officer has discretion to accept or exclude additional information presented at the live hearing; however, the Hearing Officer may not exclude any evidence relevant to the allegations of Title IX Sexual Harassment. The standard of evidence at the Hearing shall be a Preponderance of the Evidence. The Hearing Officer may determine that an extension or continuance of the hearing is necessary and, if so, shall coordinate with the Title IX Coordinator to issue simultaneous notices to all Parties and witnesses.

b. Recording. The University will create an audio or audiovisual recording, or transcript, of any live hearing and will make it available to the parties for inspection and review, within a reasonable time period following the hearing. The type of recording shall be at the Title IX Coordinator's discretion. The University's recording shall be the only recording permitted at Hearing, and the Parties will receive a copy of it with the Hearing Officer's Decision.

c. Hearing Advisor. Each Party is given the opportunity to choose their own advisor, who may be but is not required to be an attorney, to attend the Hearing ("Hearing Advisor") to ask relevant questions of the other Party at the Hearing. If a Party does not select their own Hearing Advisor, the University will assign such Party their own Hearing Advisor selected by the University at no cost to the Party. The Hearing Advisor may be, but is not required to be, the Advisor who supported the Party during the investigation phase. The Parties are prohibited from being accompanied at the Hearing by anyone other than their Hearing Advisor except as follows: (i) a parent or guardian of a Party who is an unemancipated minor may attend; and (ii) additional parties required as part of a reasonable

accommodation for a disability (e.g., a sign language interpreter) may attend.

d. Availability of Evidence; Presentation of Evidence. The University will make all such evidence that has been shared with the Parties subject to the other Party's inspection and review available at the live hearing to give each Party equal opportunity to refer to such evidence during the hearing, including, but not limited to for purposes of cross-examination. The Title IX Coordinator (or designee), Investigator (or designee), or other University representative may, but is not required to, present evidence to the Hearing Officer at the Hearing. If the University presents evidence to the Hearing Officer, that shall not make the University a party to the proceeding. A designee or other University representative may be another University employee or an external third-party, such as an attorney or other qualified representative. The Complainant and Respondent will each have the opportunity to present the information they submitted (unless excluded by the Hearing Officer).

e. Rules of Procedure and Decorum. The Hearing Officer shall decide on any procedural issues as they may come up during the Hearing. The Hearing Officer will also make any determinations necessary to ensure an orderly, productive, and procedurally proper hearing. The Hearing Officer may pause or continue the proceeding as needed in order to make appropriate decisions on procedural issues, including issues of relevance of evidence. Complainant(s), respondent(s), witnesses, and Hearing Advisors are prohibited from interrupting or disturbing the hearing process. Additionally, Hearing Advisors are prohibited from questioning witnesses or the other Party in an abusive, intimidating, harassing, unduly time-consuming, repetitive, or disrespectful manner. If a Party's Hearing Advisor refuses to comply with the rules of decorum they may be removed from the Hearing and, if so, the University shall provide that Party a different Hearing Advisor to conduct the cross-examination on behalf of that Party.

f. Questions During Hearing.

1. Questions by Parties' Hearing Advisors. All questioning on behalf of a Party shall be done by the Parties' Hearing Advisors. The Hearing Advisor may only ask relevant cross-examination and other questions of a party or witness. After each question is asked by the Hearing Advisor, and before the Party or witness answers the question, the Hearing Officer will determine whether the question is relevant and, if it is not relevant, explain the decision to exclude the question. If a Party or witness is present at the Hearing, but disagrees with a relevance determination, they may either: (1) abide by the Hearing Officer determination and answer the question; or (2) refuse to answer the question. A Party or witness may not answer a question that the Hearing Officer has determined to be irrelevant. Unless the Hearing Officer reconsiders the relevance determination, the Hearing Officer cannot rely on any statement made by a Party or witness which that Party or witness has declined to answer regarding cross-examination questions.

2. Questions by the Hearing Officer. Additionally, the Hearing Officer has the right and responsibility to ask questions and elicit information from Parties and witnesses on the Hearing Officer's own initiative to aid the Hearing Officer in obtaining relevant evidence, both inculpatory and exculpatory.

3. Failure to Appear for Cross-Examination. If a Party or witness does not submit to cross-examination at the live hearing, the Hearing Officer may still rely on any relevant statement of that Party or witness previously made in reaching a determination regarding responsibility, including, for example, those statements made by the parties and witnesses during the investigation, emails or text exchanges between the parties, statements about the alleged misconduct, statements in police reports, sexual assault examination reports, medical reports, and other documents even if those documents contain statements of a party or witness who is not cross-examined. However, the Hearing Officer cannot draw an inference about the determination regarding responsibility based solely on a Party's or witness' absence from the live hearing or refusal to answer cross-examination or other questions. Statements that a Party or witness made to a third party when that Party or witness are unavailable themselves to be cross-examined at the live hearing (e.g., statements that a Party made to a family member or friend), including statements made against a Party's own interests, may still be relied on when the Party having made those statements fails to submit to cross-examination.

4. Irrelevant Questions . Questions regarding the below information are deemed not relevant and will be excluded at the Hearing unless the question(s) falls into an exception described below:

a. Consent Required for Privileged Information. The Hearing Officer cannot access, consider, disclose, or otherwise use a Party's records which are protected by a legally recognized privilege, including, but not limited to, the following: the attorney- client privilege, questions and evidence made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the Party has provided voluntary, written consent to do so.

b. Sexual History. The Hearing Officer may not consider a Title IX Complainant's prior sexual history with the following two (2) exceptions: if such information is offered to prove that someone other than the Respondent committed the conduct alleged by the Title IX Complainant, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent. Prior Dating Relationship. The Hearing Officer may not consider the existence of a dating relationship or prior or subsequent consensual sexual relations between the Complainant and Respondent unless the evidence is relevant to how the parties communicated consent in prior or subsequent consensual sexual relations . Where the Hearing Officer allows consideration of evidence about a dating relationship or prior or subsequent consensual sexual relations between the Complainant and the Respondent, the mere fact that the Complainant and Respondent engaged in other consensual sexual relations with one another is never sufficient, by itself, to establish that the conduct in question was consensual. Before allowing the consideration of any evidence of a prior dating relationship, the Hearing Officer shall provide a written explanation to the parties as to why consideration of the evidence is appropriate.

d. Duplicative or Repetitive Questions. Once a question has been asked, duplicative or repetitive questions are irrelevant.

e. Questions of Witnesses Without Relevant Information. Questions of witnesses who do not have any relevant information regarding the allegations of Title IX Sexual Harassment.

#### H. Hearing Officer Decision.

The Hearing Officer shall generally issue a written decision (“Hearing Officer Decision”) to the Title IX Coordinator within five (5) business days following the end of the Hearing, unless the Hearing Officer indicates that more time is needed due to good cause. Additionally, where not enough information exists for the Hearing Officer to issue a decision, the Hearing Officer may remand the case for further investigation or consideration by the Investigator. The Title IX Coordinator shall simultaneously deliver the Hearing Officer Decision to the Parties within two (2) business days following receipt of it from the Hearing Officer. The Title IX Coordinator is responsible for the effective implementation of Preventative and Corrective Measures determined by the Hearing Officer. The Hearing Officer Decision becomes final when: (a) the appeal deadline has passed; or (b) the appeal process has concluded and the Parties receive notification of the appeal decision. Specifically, the Hearing Officer Decision shall include the following information:

- a. Identification of the allegations of Title IX Sexual Harassment;
- b. A description of the procedural steps taken from the receipt of the Formal Title IX Sexual Harassment Complaint through the determination, including, but not limited to, any notices to the Parties, interviews with Parties and witnesses, site visits, methods used to gather other evidence, and the Hearing;
- c. Findings of fact supporting the determination of whether the Title IX Respondent is responsible for Title IX Sexual Harassment;
- d. Conclusions regarding the application of this Policy;
- e. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any Preventative and Corrective Measures to be imposed on the Title IX Respondent and/or provided to the Title IX Complainant in order to restore or preserve equal access to the University’s education program or activity;
- f. A summary of matters not addressed under the grievance process that may be separately addressed pursuant to another University policy including, but not necessarily limited to, codes of conduct applicable to employees and the student code of conduct;
- g. A statement that the Title IX Coordinator is responsible for effective implementation of the Preventative and Corrective Measures;
- h. The University’s procedures and grounds for appeal, and the name and contact information for the appeal adjudicator; and
- i. A copy of the recording of the Hearing.

7. Preventative and Corrective Measures – Guidelines for the Hearing Officer. Preventative and Corrective Measures should serve the purpose of stopping Title IX Sexual Harassment, and preventing its recurrence, and restoring or preserving equal access to the University’s education program or activity. Such measures need not avoid burdening a Title IX Respondent who has been found responsible for Title IX Sexual Harassment. Importantly, Preventative and Corrective Measures should appropriately reflect the University’s commitment to education, personal growth, accountability, and ethical behavior. The Hearing Officer shall ensure they are consistent and proportionate responses to conduct that violates this Policy, taking into consideration the context and seriousness of the violation, and based on a fact-specific, case-by-case inquiry.

## 1. Appeal of Hearing Officer's Decision Regarding Title IX Sexual Harassment

An appeal by either Party may be made in writing to the appeal adjudicator within five (5) business days after such Party has received the Hearing Officer Decision. An appeal must state the ground on which the appeal is made. Grounds for appeal are limited to:

1. Procedural irregularity that affected the outcome of the matter;
2. New evidence that was not reasonably available at the time the determination regarding responsibility was made, that could affect the outcome of the matter;  
or
3. The Title IX Coordinator, investigator, hearing officer, or Decision-Maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter. Upon receipt of an appeal, the appeal adjudicator shall forward the appeal to the other Party. The non-appealing Party will have five (5) calendar days to submit a written statement in support of or against the appeal to the Appeal Adjudicator. Supportive measures will continue to remain in place during the appeal process. However, no Corrective or Preventative Measures will be implemented prior to the appeal process ending. The appeal adjudicator will issue a written decision regarding the appeal and the rationale for appeal decision within ten (10) business days of receiving the appeal, unless more time is needed for good cause. This decision will be provided to both Parties simultaneously and will be a final determination regarding the Title IX Respondent's responsibility and cannot be further appealed.

## 11. OUTSIDE AGENCIES

CHSU encourages all students and employees who believe they have been subjected to unlawful discrimination or harassment to bring their concerns to the University so that appropriate action can be taken. While it is not required that you exhaust CHSU's internal investigation process before contacting a governmental agency, CHSU encourages all members of the CHSU community to take advantage of CHSU's process for resolving harassment, discrimination, and retaliation concerns and complaints. CHSU cannot remedy claimed discrimination, harassment, or retaliation unless such complaints are brought to its attention. Failure to report these claims prevents CHSU from taking steps to address the problem. If a CHSU community member observes a violation of this policy or believes someone has violated this policy, the member is strongly encouraged to report the incident, irrespective of whether the alleged victim files a complaint themselves. Responsible Employees who learn of such a complaint are required to bring it to the University's attention as described above.

The U.S. Equal Employment Opportunity Commission ("EEOC") and the California Civil rights Department ("CRD") investigate reports of unlawful harassment and sexual violence in employment. The U.S. Department of Education Office for Civil Rights ("OCR") investigates reports of unlawful harassment and sexual violence by students in educational programs or activities. These agencies may serve as factfinders and attempt to facilitate the voluntary resolution of disputes. For more information students/employees may contact these agencies as described below:

## POLICE DEPARTMENT

1233 FIFTH STREET • CLOVIS, CA 93612

We are in receipt of your request dated May 21, 2025, requesting statistics pursuant to "The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act" for the 2024 calendar year with regard to the CHSU College of Pharmacy located at 120 N. Clovis Avenue and the CHSU College of Osteopathic Medicine located at 2500 Alluvial Avenue.

Our Records Management System has been queried to include a 1/4-mile radius centered at 120 N. Clovis Avenue and a 1/4-mile radius centered at 2500 Alluvial Avenue.

Regarding CHSU College of Pharmacy located at 120 N. Clovis Avenue:

Please be advised that for the 2024 calendar year, there were no reports for the following: murder/non - negligent manslaughter, negligent manslaughter, rape, statutory rape, forcible fondling, incest, robbery, aggravated assault, burglary, arson, stalking, liquor law violation arrests, or any crimes classified as hate crimes within the above geographical area. The remaining results are enclosed for your review.

Regarding CHSU College of Osteopathic Medicine located at 2500 Alluvial Avenue:

Please be advised that for the 2024 calendar year, there were no reports for the following: murder/non- negligent manslaughter, negligent manslaughter, rape, statutory rape, forcible fondling, incest, robbery, aggravated assault, motor vehicle theft, arson, stalking, liquor law violation arrests, weapons law violation arrests, or any crimes classified as hate crimes within the specified geographical area. The remaining results are enclosed for your review.

With regard to the Violence Against Women Reauthorization Act of 2013, the following types of relationships are included in the reporting of Domestic Violence: spouse/former spouse, cohabitant/former cohabitant, fiancée or someone with whom there has been a dating relationship or former engagement, or those that have children in common. Hence both domestic violence and dating violence are reported jointly under the category of Domestic Violence. Cases that are classified as Domestic Violence related are indicated as such on each result provided.

Per the California Public Records Act and the practice of The Clovis Police Department, the address of any adult who is a victim of terrorist threats, elder abuse, domestic violence/spouse abuse or certain offenses that are sexual in nature is confidential. The address of any call resulting in a mental health report or the address for any juvenile is also confidential.

If you have any questions regarding the results or if I can be of any further assistance to you, please feel free to contact me at 559-324-3440.

Sincerely,

Tami L. Jensen
