California Health Sciences University (CHSU) helps alleviate the Central Valley's physician and health care provider shortage by training and retaining our next generation of clinicians. From local hospitals, clinics, and doctor's offices, CHSU students and graduates serve the health care needs of our community.

Many CHSU students come from local areas and reflect the Central Valley's great diversity. Our "home grown" students have deep roots and a passion to elevate the health of our region. Many are first in their family to obtain a college degree and without the existence of CHSU or the financial assistance from the scholarship fund, a significant number may not have the opportunity to pursue medicine.

Please consider sponsoring the Sip & Swing Golf Social to help fundraise for California Health Sciences University (CHSU) student scholarships.
