PURPOSE

Academic advising and support are available to all Master of Science in Biomedical Sciences (MSBS) students. Academic skills, including time management, learning styles, study skills, utilizing educational resources and test-taking skills are all areas of focus towards improved student success. A variety of available resources consist of assigned Faculty Advisors, Student Affairs staff members, Psychologists, Counselors and Program Director.

SCOPE

This policy is applicable to all MSBS students.

POLICY STATEMENT

It is the policy of the MSBS program that students will receive academic support and counseling regarding time management, learning styles, study skills, utilizing educational resources and test-taking skills for student success.

RELATED INFORMATION AND PROCEDURES

All entering MSBS students are assigned a Faculty Advisor, who will serve that role throughout the duration of a student’s enrollment in MSBS program. Education Skills/Learning Specialist is available to offer academic skills workshops in addition to providing individual academic support through the Office of Student Affairs. Several faculty, staff and administrators with advanced educational degrees and expertise in adult learning are available to serve as resources for the students. Procedures are maintained in the Office of Student Affairs and or Academic Affairs delineating where and how students access these academic support services. Licensed clinical psychologists are available for students through the Office of Student Affairs.
RESPONSIBILITIES

The Program Director holds responsibility for this policy, while entrusting the Office of Student Affairs and Academic Affairs with the responsibility of maintaining the academic standards outlined within the policy.
