

Job Title**Standardized Patient**

A Standardized Patient (SP) will have the unique opportunity to be involved in shaping the medical education of tomorrow's physicians and other health care professionals. In doing so, an SP will assist in transforming care and providing positive experiences for CHSU students.

Job Description:

Standardized Patients simulate individuals in various medical, behavioral, and emotional scenarios. Each scenario or patient case is designed to meet the needs of the curriculum and associated learning objectives.

All SPs go through training. Work hours are flexible, mostly weekdays. While acting experience is helpful, it is not a requirement, and the position should not be viewed as a professional acting engagement.

Reports to:**Simulation Center Manager****Classification:****Part Time, Staff****Essential Duties:**

- Simulate individuals in both clinical and non-clinical scenarios for teaching and/or assessment activities
- Simulate all aspects of a scripted scenario in a standardized accurate realistic manner
- Participate as the patient having a physical examination for students to practice their skills; this may include recalling and/or recreating the medical history, personality, emotional structure and response pattern of an actual patient
- Provide constructive feedback to learners following a template.
- Complete detailed assessment tools accurately, consistently, and as trained by Standardized Patient Educator
- Accept on-going constructive feedback regarding performance from the Standardized Patient Educator and Simulation Center Director and incorporating changes as needed
- Communicate with students in a straightforward and positive way
- Adapt to quick changes and work in a dynamic environment
- Maintain confidentiality with all students, cases, training materials, and assessment data
- Participate in sessions/activities that will be videoed and reviewed by faculty and simulation center staff.
- Other duties as assigned.

This job description is not intended to be all inclusive and the employee will also perform other reasonably related duties as assigned by CHSU.

**Qualifications/
Education:**

Education:

- High School Diploma

Skills & Experience:

- Possible acting experience, but not required
- Ability to read and memorize lines
- Demonstrate ability and willingness to work cooperatively and professionally with students, faculty and administrators
- Demonstrate ability to be instructed and coached by a Standardized Patient Educator
- Ability to consistently replicate a case scenario in a standardized, accurate, and reliable manner
- Ability to accurately and convincingly maintain a specified character with recall of case information as trained
- Able to be flexible regarding scheduling and assignments
- Able to use a computer for email, communication and scheduling.
- Able to complete a computerized survey to score student behavior
- Excellent communication skills
- Bilingual is a plus

Compensation:

The hourly pay rate will be discussed during the interview.
