University-Wide Student Discipline Procedures

CHSU has established a multi-dimensional approach to adjudicating student misconduct and/or disciplinary issues. Complaints by students, CHSU employees or members of the public involving alleged misconduct by students in violation of this policy will be handled as follows:

1. All communication concerning notice of a student’s alleged unprofessionalism will take place via the student’s CHSU email. Students are responsible for regularly checking their CHSU email account and responding to timely emails from the University.

2. All college deans, associate/assistant deans, and designated staff in each College’s Office of Student Affairs, may address a student’s minor violations of this or other College or University policies with coaching, education or a written or verbal warning. A written notice of such minor violations may be, but is not required to be, given to the student. Examples of minor violations include, but are not necessarily limited to, being late to class, use of profane language, or disregard of a request made of the student.

3. All reports of concerns regarding unprofessionalism, misconduct, unethical or other disruptive behavior, which is either severe, pervasive, or otherwise significantly disrupts the educational environment (“Complaints”) will be sent to the College’s Office of Student Affairs. The determination regarding whether a student’s conduct rises to this level will be made by the reporting party in consultation with the College’s Office of Student Affairs.

4. Upon receipt of a Complaint, the College’s Office of Student Affairs will review the initial report of alleged misconduct and determine if the allegation of misconduct is of the nature to merit an investigation.

5. If the Complaint is of a nature to merit an investigation, the College Student Affairs Dean will investigate the Complaint, or the College Student Affairs Dean may designate another qualified administrator or external investigator to do so. The student will have the opportunity to be interviewed to provide their response to the Complaint and present relevant information (i.e., documents, names of witnesses, etc.) as part of the investigation. In most cases, the investigation will not exceed 30 business days. If more time is needed,
the College’s Office of Student Affairs will notify the student accused of misconduct. The applicable standard of evidence used to review a Complaint will be preponderance of the evidence i.e. more likely than not).

After the investigation is complete, the investigator responsible for conducting the investigation will prepare a summary of the information gathered for the adjudicator. The College Student Affairs Dean will decide how the Complaint should be adjudicated depending on how severe or pervasive or disruptive the misconduct is. The multidimensional nature of CHSU’s disciplinary system allows for cases to be heard either by the appropriate college-level committee, an administrator(s) designated by the College Student Affairs Dean (other than the investigator), or an external adjudicator (other than the investigator). However, all cases involving potential suspension or dismissal shall be referred to the appropriate college-level committee. In all cases, a college dean such as the Student Affairs Dean or Academic Affairs Dean shall notify the student in writing regarding the recommendations of the committee and the final determination of the investigation.

The student is not entitled to the investigation file, notes of the investigator, or transcripts or recordings of interviews.

6. Each college-specific level committee responsible for adjudication of Complaints under this policy shall develop procedures which shall govern such adjudication, providing the appropriate level of due process to students appearing before the committee. Such policies shall be included in the CHSU Student Catalog and Handbook under the appropriate college section.

C. Transcript Notations
Disciplinary matters are not recorded on a student’s academic transcript except in cases of suspension or dismissal. In cases of suspension, a temporary notation is placed on the student’s academic transcript for the duration of the suspension period.

In the event a student is found in violation of disciplinary misconduct leading to dismissal or suspension, the Registrar will develop and implement a transcript notation system appropriately designating the final outcome of the matter.

**D. Record Keeping Requirements**

With exception of disciplinary suspensions and dismissals, a student's disciplinary record is separate from the student’s academic record. A student is considered to have a disciplinary record when the Student Progress Committee (SPC) for CHSU COM, CHSU-MSBS program or the Student Professional Conduct Review Committee (SPCRC) for CHSU COP finds the student in violation of one or more University or college policies. Each of the above committees has its own policy for processing, communication and subsequent potential appeal of the committee’s findings.

Students’ disciplinary records are kept in the College Student Affairs Dean Office for seven (7) years after the date of the last violation. Suspensions and dismissals are posted on the student's transcript. Suspensions are posted for the duration of the suspension period and then removed upon re-enrollment.

In accordance with the Family Educational Rights and Privacy Act of 1974, disciplinary student records may be released to another institution at which the student seeks or intends to enroll without the consent of the student. At which time, CHSU will make a reasonable attempt to notify the student about the disclosure.
